Local committee polls candidates

By ELIZABETH CHURCH
Staff Reporter

A group of voters in Victoria-Haliburton have formed an Election Priorities committee to ensure that local candidates running in the federal election address the topics they feel are of primary importance. The committee, part of a national project co-ordinated by the Canadian Council for International Co-operation, was established to solicit candidates' positions on specific questions concerning the arms race and international "peace and development."

As a way of bringing these concerns to the forefront, candidates in approximately 120 ridings across the country with committees such as the one in Victoria-Haliburton, were asked to respond to a list of thirteen questions. These questions ask candidates to give their views on such topics as military spending, increased assistance to underdeveloped nations, cruise missile testing and Canada's role in the United Nations' peace-keeping efforts.

OPP kept busy over weekend

Minden OPP officers were kept busy during the week of the holiday weekend, investigating a total of 118 occurrences, including 44 motor vehicle accidents, 11 thefts and one damage complaint. During this period, seven charges of impaired driving were also issued by local police.

Among the most serious occurrences:

A Peterborough man was arrested and charged with two counts of sexual assault following a report

Please turn to Page 2

"We want to encourage dialogue and education, not confrontation," said Katie Saunders, co-ordinator of the Victoria-Haliburton riding committee. "We intend to follow up our work during the election by watching how our member speaks in Parliament once elected." "They're working for us, we want to make candidates aware of issues that concern us, not have candidates decide the issues as usually happens."

To encourage discussion, Saunders explained that each candidate is given a copy of the questionnaire along with a background paper on each of the question topics. After candidates have examined this material, a member of the committee meets with them to discuss the questions and their responses to them.

"Individual opinion is very important," said Saunders. Although candidates' responses to the survey questions are limited to yes, no and undecided, she points out that the interviews enable candidates to qualify and elaborate upon their specific answers.

Saunders said the discussions with candidates have been very positive. "All the candidates have been interested and willing to discuss the survey with us," she said.

Once the interviewing stage of the project has been completed, the local committee will review the results and compile a report based on the candidates' responses. Their findings will be made available to local voters and will also be sent to Ottawa where a report on the national results will be written.

The Canadian Council for International Co-operation, the steering committee for the nation-wide project, receives support from such organizations as CUSO, OXFAM, the United Church of Canada and the Christian Movement for Peace.

Members of the Labatt's Water Ski Team wave to onlookers. The show, part of the Haliburton Rotary

Carnival, brought out a large crowd to the shores of Head Lake last Thursday night.

Rotary's 40th carnival a success

Despite threatening skies and afternoon showers, large crowds and high participation helped to kick off the 40 Haliburton Rotary summer carnival and make it a success.

Hundreds of people lined Haliburton's main street last Wednesday evening to watch the clowns, floats and bands pass by and to share in the fun and festivities.

Best entry in the parade and winner of the Wig-a-Mog trophy and \$50 was the Haliburton School of Fine Arts for their float depicting a giant artist with his palette and easel.

The Texaco trophy for the best boys or girls group in the parade, along with a cash prize of \$40, went to the Boy Scouts for their display of marching. Runners up in this category were Camp Wanakita and Camp Ilahee.

In keeping with the theme of this year's parade, 40 years of Rotary in Haliburton, Martin Lumber took a step back in time, with an entry that

reminded onlookers how things were when the local branch was first established. The trophy for the best commercial entry and \$40 was awarded to them for their look at the past. The floats sponsored by Haliburton Electric and Silverwoods were also chosen as finalists in this division.

Wig-a-Mog once again captured the top prize of \$40 and the Alf Patchell Trophy for the best lodge entry. Birch Point and Chateau Woodland also received prizes for their entries.

The "Love Boat", an ark manned by Reverend John James and Reverend John Phillips, among others, was awarded first prize in the special category. Runners up were the "surgical team" from Haliburton Hospital and the Red Cross swimmers.

Individual prizes were given to Nada Vaughan, Miss Piggy and D. Connaughan. Greg Brohman re-

ceived first prize and Matthew Bryden second for their decorated bicycles.

Other events to take place on the opening night included a 10 kilometre fun and fitness run, results of which appear on the sports page of this week's issue, and the arm wrestling tournament.

Thursday's events included a Double Bubble blowing contest and a horseshoe tournament, both held at Head Lake Park. First prize in the horseshoe tournament went to the team of Bruce Armstrong and Ron Barr. Willis Walker and Bud Piper took second prize.

At seven, the Labatt's Water Ski Show entertained a large crowd with exhibitions of jumping, slalom and barefoot skiing on Head Lake.

The two day carnival came to an end with a dance at the curling rink and the draw for the 1984 Camaro. Winner of this year's grand prize was Siegmund Weiss of Minden.

Daniel gets nomination

Patrick Daniel will run in the upcoming federal election as the candidate for the New Democratic Party in Victoria-Haliburton. Daniel, NDP candidate in the 1979 and 1980 elections, has worked in education since 1954 and now operates a mixed farm in Hope Township and a tree farm near Minden.

"The number one issue for the New Democratic Party is getting the economy moving again," said Daniel in a recent interview with the Echo. "We will not accept 11 and 12 percent unemployment rates."

Referring to Haliburton, Daniel noted that in periods of economic hardship, "tourism is the first to suffer." Although Daniel said the high price of gas has discouraged some people from travelling, he added that specific remedies are not the answer. "You won't get the tourist business unless the economy is improved. The primary issue is what's going to be done for the economy on a national scale," he said.

Daniel identified that reforms to the current tax system, maintenance of the existing quality of public services, nuclear disarmament and equality for women are also central issues in his party's campaign.

"It is very important to make sure that the principle of equal pay for work of equal value is enforced in law," he said. "In Victoria-Haliburton, the average wage of women is less than one half that of men. In the last three or four elections the New Democratic Party has made equality for women one of its interests. It's not just something we're doing in this election to gain votes," he said.

Daniel also noted that a NDP government would work hard to control the problem of acid rain. "Industry must be required to cut

Please turn to Page 2

This happy group was waiting to be judged in the Echo sponsored "night attire" competition. The contest was one of many chances customers had to

win prizes during Friday night's Midnight Madness Sale in Haliburton.

Midnight Madness takes Haliburton

Haliburton went mad last Friday night when low prices, prizes and entertainment brought out hundreds of shoppers to take part in the late night festivities and discounts. The occasion was the fourth annual Midnight Madness Sale, a co-operative effort among the Haliburton County Echo and merchants in Haliburton, Eagle Lake and West Guilford.

The insanity officially began at 10 p.m. when merchants who closed at 9:00 reopened their doors, but many bargain hunters lined up as early as half an hour before that to be the first customers in their favourite store. Once in full swing, the two hour sale resulted in stores filled with shoppers, and streets lined with people. Although line ups were long, especially in front of our own office, customers used the time to chat with neighbours and friends.

A favourite with shoppers this year was the Highland Dixie

Band and barbershop quartet who performed their repertoire of old favourites for the appreciative crowd. By the end of the night, the group had attracted a large audience who gathered on both sides of the street to listen to their music.

In keeping with the mood of the evening, many people came to town dressed in their bed-clothes, sporting colourful robes, pyjamas and humorous make-up. Many also brought along their favourite stuffed toy to keep them company on their spending spree. At 11 p.m., over twenty people gathered in the village square to vie for seven prizes of \$10 each, awarded by the Echo for the best costumes. Judge June Devolin and her assistant Murray Sarginson faced a difficult task, but after a brief consultation, the seven lucky winners were picked.

Receiving prizes for their imaginative attire were Pete Turner, of Scarborough, who took the

term "night" quite literally, coming with helmet, sword and horse, Mathew Williams of Haliburton, Terri Lynn Wiskin of Oshawa, Aileen and Rhonda Hall of Toronto, Vee Austin of Haliburton, John Lawrence of Oshawa and Dave Sands of Haliburton.

In addition to these prizes, a number of stores also held in-store draws. Winner of a blanket from Stedmans was Brenda Bain of Haliburton. Brenda Fearrey and Roger Woods, both of Haliburton, will receive wrist watches from Brohm's Variety, while Vera Smith won the draw for a clock from Newbatt's Furniture and Appliances.

The Echo also contributed nine prizes worth approximately \$50 each. The names of the winners in this draw appear in an advertisement in this week's edition.

NDP chooses candidate

from page 1

back on their emissions with stringent regulations and requirements," he said. While the Conservatives have stated that they would offer financial assistance to industry to allow them to reduce their emissions, Daniel said he does not feel that such assistance is necessary. "It is the responsibility of the corporate system not to harm others," he remarked.

In outlining plans for this campaign, Daniel said he would like to see an all candidates meeting held in Haliburton. "The voters should be given the opportunity to hear the views of the various candidates in situations where they can respond to each other. It's part of the democratic process," he said. He noted that the timing of this year's election will not affect his strategy. "I'll be doing a lot of outdoor campaigning," he said.

Local police kept busy

from page 1

received by police on August 4. An investigation was conducted in the Tamarack Lake area in response to the call. As a result of this investigation a further sexual assault was discovered at Horseshoe Lake, near Gooderham. The suspect, Brian Callaghan, 27, was lodged in the Lindsay jail while awaiting a bail hearing. He was also charged with mischief as a result of damage to the interior of an OPP car while being transported.

A Mississauga man suffered major injuries when his motorcycle struck a guide post on the south shoulder of highway 118 west of Carnarvon. The driver, Brook Laws, 22, was thrown from the motorcycle into the ditch on the south side of the road. He was subsequently rushed to Toronto's Sunnybrook Hospital for treatment. The motorcycle bounced back into the road and was destroyed by fire. An estimated \$1200 worth of damage was done.

A Toronto man was taken to Haliburton Hospital for treatment of minor injuries after he lost control of his car while driving on Country Road One. The accident occurred last Monday when the road was slick because of rain.

An Oshawa woman was charged with careless driving, after she lost

control of her car while going down a hill on Trappers Trail. The car swerved into the ditch on the south side of the road and struck a tree. Approximately \$2000 in damage was done to the 1979 Datsun involved in the accident.

On August 3, Minden police received two separate reports of camera equipment stolen from parked cars. A Minden resident reported the theft of a camera bag, containing a camera and lenses as well as two speakers from his car while parked in the Dixie Lee lot in Haliburton. As well a cottager from Drag Lake reported the theft of camera equipment from the back of his car. Police believe the theft took

place either while the car was parked in the Village of Haliburton or from his cottage at Sandy Bay. Both cases are now under investigation but as yet, police have no suspects for either robbery.

In other matters, the Minden detachment charged 4 persons with driving a motor vehicle with no insurance. Police remind motorists that all vehicles, cars, trucks, motorcycles, and all terrain vehicles are required to have insurance coverage when being operated on a public road, no matter how short the distance travelled might be.

Dave Gray, seller of the lucky ticket in this year's Haliburton Rotary Club draw, presents winner Siegmund Weiss of Minden with the keys to the 1984

Camaro. Coming with Weiss to collect his prize were his grandson Jeffery and wife Frances. All of the 2750 tickets were sold.

Minden council minutes

A regular meeting of Anson, Hinton and Minden council was held on July 26 and the following matters were considered:

A delegation from Highland Gate Estates was present regarding an offer to purchase which CMHC has sent to council for Lot 8, Plan 593.

Brendan Berube acted as spokesman for the group and outlined their concerns in a letter which was left with the clerk. Council agreed that a meeting with the developer and CMHC was required.

Mrs. Margaret Gardiner complimented council on the erection of signs at the Twelve Mile Lake spring advising of the location of the public boat launch. However, she also pointed out that council had not developed the beach adjacent to Highway 35 to its fullest extent for use in 1984 and suggested that the fencing from the former parking lot on Little Boskung Lake could be relocated to this new park area. Council requested that she

contact her solicitor regarding this matter so that the offer could be given in writing.

Norm and Fran Smith requested the townships' assistance to clear Block A, Plan 328 for the purpose of a tennis court to serve the people on the island. Council directed that the ownership to Block A be determined but did not make any commitment regarding the proposal.

Council accepted the quotation of Computerland - Barrie to supply on acousti-cover EKM Model 102 at a cost of \$265.

Application No. 5-84 drawn pursuant to Section 496 of the Municipal Act was approved in the amount of \$273.74.

The following taxes will be written off: Roll No. 30-761, \$8.17; Roll No. 33-290, \$41.41.

Council authorized a further contribution of \$1,000 into the Boundary Information Centre Account.

The Boundary Information Centre accounts were ap-

proved for payment in the amount of \$4,510.48.

The following accounts were approved for payment: General \$33,358.37; Water \$541.26; Sewer \$511,217.24.

Council increased the rental rate for the court sittings by 5% for 1985.

Council accepted the quotation of Minden Instant Print to supply 2,000 letterhead and 2,000 envelopes at a cost of \$246.10 including PST with flat printing and 2,000 letterhead with raised lettering from Highland Express for \$160.00 plus PST.

Councillor Gary Kenney requested that the minutes of July 11 be amended to read that the net difference between the total 1983 approved budget and the amount actually expended at December 31 be applied toward the purchase of a typewriter and related supplies.

Council agreed to locate the proposed ski trails on the

road allowance north of the golf course and to continue negotiations with Beaverbrook Golf Club for use of lands without using the road allowance on golf course lands. Road allowance on these lands will not be closed at the present time.

Council accepted the tender of Jim Garbutt Enterprises Ltd. to sweep the streets for an amount of \$1,960 as per quotation and subsequent to final details being arranged.

Council agreed to close off Main Street from the Dominion Hotel to the Canadian Imperial Bank of Commerce on Saturday, August 11 for the purpose of holding a sidewalk sale.

Council directed the clerk to contact Ontario Hydro giving them permission to obtain a brushing tender on the Queen's Line project so that cost sharing can be discussed.

Agricultural report

Weeds For Food

Looking for an alternative to hoeing your garden weeds? Why not serve them? As well as adding a novel taste to your diet many of the plants are high in several nutrients. For example, lambsquarters is an excellent source of Vitamin A - even higher than spinach. Look for tender green leaves, harvest, wash well and steam for 10 minutes. Season as you would spinach or beet greens and serve.

Another popular wild edible is the dandelion. Here the young leaves are best as larger, older ones develop a bitter flavour. Adding crisp bacon bits and a creamy yogurt dressing will provide a flavourful addition to a summer barbecue. If you like to experiment, try dandelion coffee. Collect roots and wash them well. After cutting into small pieces, roast them for two hours in a 120° C oven. When cool, grind in a coffee mill and use 25 ml. for every 250 ml. of hot water.

Are thistles a problem? Collect young stems and peel the tough outer layer away. These may then be sliced thinly for salads, for stir fried dishes or for a steamed vegetable dish. Young leaves can also be used as salad ingredients.

Collecting edible wild plants could turn into an interesting activity for youngsters at home during the summer months.

Just a word of caution however, be very careful when selecting plants. Use a good guide and be sure to harvest only the correct species. Serious poisoning can occur if the wrong plants are ingested. Also, avoid completely any areas such as roadsides or lawns which have been chemically sprayed. Two good handbooks are the Field Guide to Edible Wild Plants by Bradfield Angier and the Peterson Field Guide Edible Wild Plants by Lee Peterson. Check your local libraries and book stores for other sources of information.

Control

Haliburton County council's intention to consider a by-law this fall to regulate signs on county roads will be good news to anyone who cares about the local countryside. The proliferation of shoddy signs tacked onto trees at just about every crossroad is a hideous blight on the environment, a blight that is particularly ironic because it is caused for the most part by cottagers, who presumably bought property up here to get away from the garish over-development of urban Ontario.

There are two ways to control this growing problem. County council could decide to ban individual signs altogether, or require that signs meet specifications for size, style and quality. The first option would be the most desirable, and perhaps the easiest to enforce. There is no need for everyone who owns property on a particular road to put their name on a tree where the road begins. All that is necessary is for the road to have a name, and a proper sign to indicate it. At the same time, a sign by-law presumably would give county employees authority to remove the hundreds of business signs that have been nailed to trees all over Haliburton County.

Anyone who really cares about the community will support the county's initiative, because it will make the area much more attractive.

Back the CAT

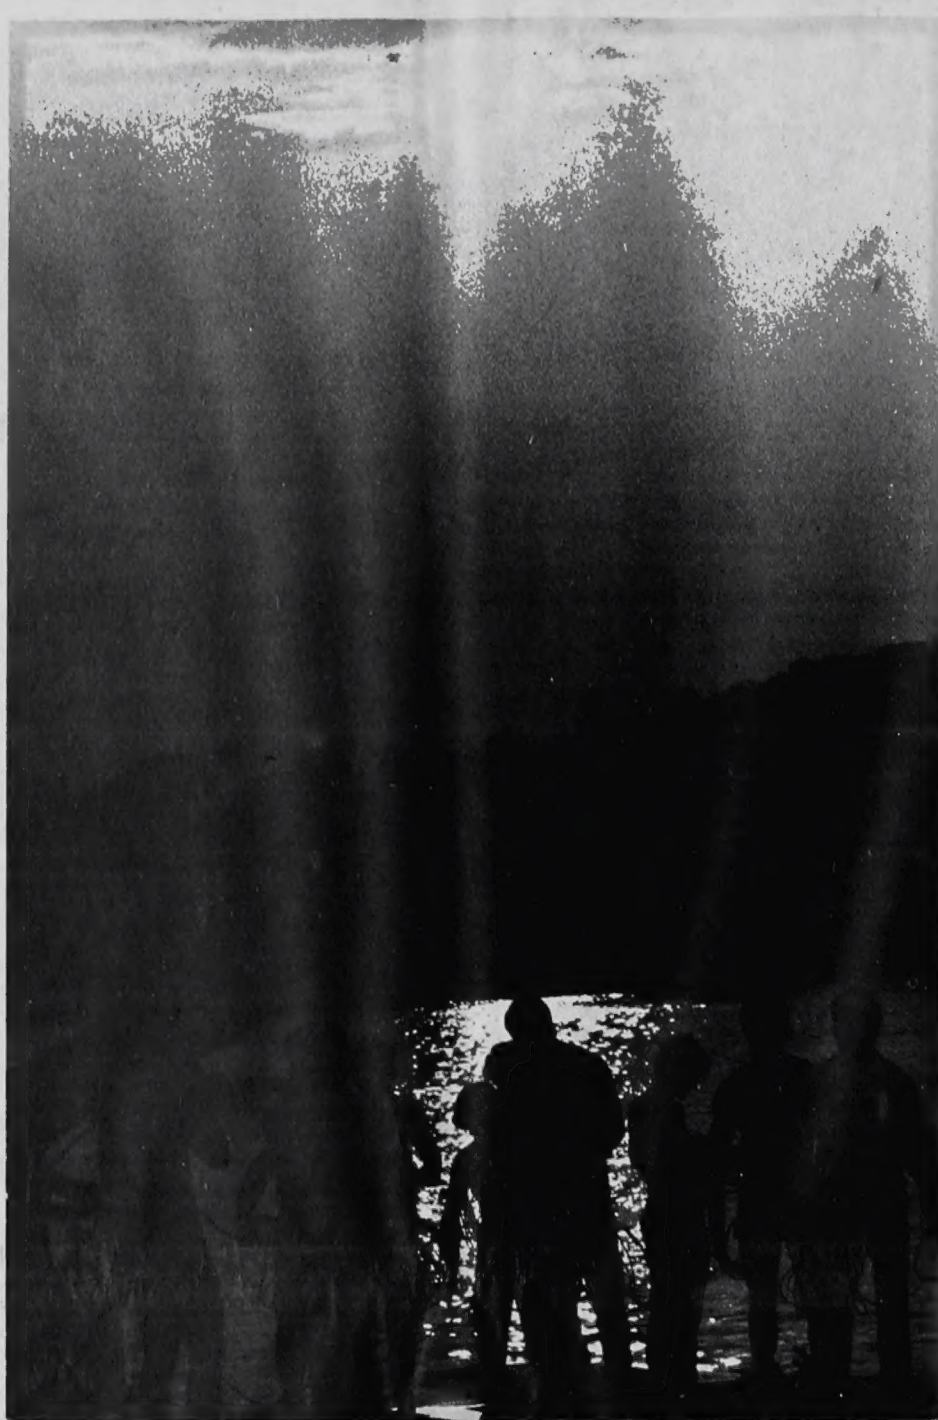

Residents of Haliburton County and the surrounding counties of Peterborough, Victoria and Northumberland are being asked to dig deep in their pockets over the next few months and contribute to a fund-raising drive for a computer assisted tomography scanner. The machine, a highly sophisticated x-ray device, will cost something in the order of \$1.8 million. Money to purchase it must come directly from area residents and corporate donors, since the provincial health ministry has no plans to allow tax money to be used for the purpose. The ministry will, however, provide funds to meet annual operating costs of the device.

Is the machine necessary? Medical experts and hospital officials who are behind the campaign describe it as a tool that can help doctors save lives. It will not replace conventional x-ray machines. These are invaluable for observing many body structures. Instead the CAT scanner will allow doctors to probe deeper into soft tissue organs when such observations are warranted. The complex way in which the CAT scanner gathers x-ray images and converts them into a computer code, allows doctors to analyze cross sections of the body from many angles.

Why should local people help buy the machine, since it will be based at Peterborough Civic Hospital? Campaign officials explain that because of the cost of the scanner, and the specialized nature of the tests it performs, only one machine is needed to serve a population the size of that in the four counties. Peterborough is centrally located within the four county referral area, and has the largest hospitals, so it was chosen as the best location for the CAT scanner.

In the upcoming months many activities will take place in support of the CAT scan fund. Haliburton County council has endorsed the campaign wholeheartedly, and some area municipalities already have announced that proceeds from various events will go to the fund. As well, individuals will be asked to contribute, with information and donation forms likely to be sent out with municipal tax notices.

There are, of course, many worthy local and wider ranging charities which need and deserve support, so people must decide who and what they wish to support with the dollars they can afford to donate. But the CAT scanner clearly is more than a high tech frill. So back the CAT if you can. Someday it may help save your life.

After the show

Letters to the Editor

Highland Gate residents protest

To The Editor:

Thank you for your coverage of this issue. It has set the stage for the response of the residents of Highland Gate Estates.

Firstly, we object to CMHC attempting to implement its social welfare program in our subdivision. There are areas in the municipality where CMHC can build (or buy) a suitable unit for a reasonable price.

Secondly, we strenuously object to the manner in which CMHC is implementing its program in Minden and areas in general. One only needs to look at the three new and highly visible housing opportunities on Prince St. (priced at \$81,000 each for a total of \$243,000) to see the validity of this argument. These housing opportunities have monthly carrying charges of about \$1,000 each (principle, interest, taxes and frontage charges), with only a fraction of this cost being borne by the owners and the balance by us the taxpayers at large.

We submit therefore, that for CMHC to build a house in Highland Gate Estates that is compatible with the established character of the subdivision, it would cost much more than the \$81,000 benchmark established by the Prince St. units. Of course if CMHC does not build a compatible housing opportunity then our property values, we feel, would suffer significantly. Sound like a no-win situation? You bet it is!

Our clear and reasonable alternative to this current CMHC orchestrated dilemma is for them to adopt a reasonable approach in the implementation of their Rural and Native Housing Program in Minden. In this regard, we submit that a reasonable approach would be the purchase of a modest resale unit in the municipality that is already integrated into the community fabric, or the building of a reasonably priced modest house on one of the many less expensive lots currently available in Minden.

It took a truly ludicrous proposal like this one on the part of CMHC to shock us into awareness of the problem with the current administration of this Rural and Native Housing Program; but we

have now decided to be heard and to make others aware.

We are now advised by the developer that we have the support of Highland Gate Estates in opposing this current proposal in our subdivision, and we can only say we think the company had made the right decision with us.

As for our meeting with the Municipality, we simply wanted to make them aware of our concerns in general, and to persuade them not to give their tacit approval to this current ludicrous proposal by selling the municipality owned lot to CMHC.

We feel the editor of the Times is correct in saying that the entire community benefits if improved housing is provided for its citizens. In this instance however, the end is rendered shabby by the means.

If anyone else feels that CMHC is out of line in the implementation of its Rural and Native Housing Program in Minden, and other communities in the county, then we urge you to get the facts and make your concerns known to your M.P. With an election coming up this fall, what better time to deal with this issue in its broadest sense.

Brendan Berube
for the residents of Highland Gate Estates
Susan Adam, Joanne Berube
Frank and Muriel Codlin
Edith Cole, Muriel Reading
Gerhard Riemer, James and Barbara Todd
Roy and Marjorie Windover

To The Editor:

I am writing in connection with a growing problem along our scenic highways in this county. Each year a few more large commercial signs appear along our roadsides. This year two were erected along beautiful Highway 121 between Tory Hill and Cardiff. When the new IGA store was built in Wilberforce many of their signs sprang up, for example, along Highway 648.

If we do not nip this problem in the bud, our highways can be defaced in a very short time. As

Feir Play

Creighton Feir

Midnight Madness hit Haliburton last Friday evening and literally hundreds of people, many in night attire made their way into the village to take part in the fourth Haliburton and area community wide Midnight Madness Sale. As usual from 10:00 p.m. to midnight shoppers poured into the business places to take advantage of the many specials that were being offered while others just mingled in the crowd visiting with their friends and neighbours while others just stood around and listened to the music of the Highlands Dixieland Band. It would appear that after four years, when one might think that the novelty would wear off and the crowds would begin to get smaller, it seems that the opposite is going to prevail. The crowds are getting bigger and I think that this is good news for everyone.

Now that the big evening is over, there are a few things that I think the general public who attend these madness sales should know. The big night is sponsored by the Haliburton County Echo with the co-operation of the participating merchants. Algonquin Graphics Limited, publishers of the Echo, have to meet most of the expenses. For example, the Echo ran three full page ads free of charge previous to that evening, and put up \$500 to cover the costs of the nine prizes that will be won by lucky shoppers in the annual community wide draw, including the prize money for the seven winners who looked the best in their night attire. The paper also foots the bill for the Dixieland Band and the 5000 draw tickets, plus any other expenses that arise from the promotion of this event.

Although we put up most of the money for the big affair, we must admit that we can't do it alone, and are very thankful to all the participating merchants whether they be in Haliburton, West Guilford or Eagle Lake, for taking part in this sale. I always say that you hate to fool around with success and by this I mean when everything is going along smoothly just leave it alone. But on the other hand, I realize that some changes will have to be made along the road so that each year in the future people won't get tired of the same old thing. So once again, on behalf of all the participating merchants and the Haliburton County Echo we would like to take this opportunity to thank everyone for coming out last Friday evening. We hope that you will tell your friends and we hope to see you all next year when Midnight Madness will strike once again.

You can tell that there's an election coming up as the local federal election candidates start making the rounds in Victoria and Haliburton. Bill Scott, the present riding M.P. representing the Progressive Conservative Party and Bruce Glass, who is running for the Liberal Party, were in Haliburton for the Rotary Carnival held last Wednesday and Thursday.

After viewing the results of the West Guilford Canada Day, the Haliburton Rotary Carnival and the Gooderham Horseshoe Days it makes one wonder if the good old days of pitching horseshoes is making a comeback. A large number of participants took part in all three events and enthusiasm seemed to be running high. It's a lot of fun that is creating a great deal of interest with both the young and old.

Congratulations are in order to five past and present members of the Rotary Club of Minden who were each presented with a Heritage Award at the annual Minden Rotary Summer Carnival held recently in Minden. Reeve Lyle McKnight of the Municipality of Anson, Hindon and Minden was on hand to present awards to Don Hall, Ed Pergolas, Lorne Coburn, Alan Coneybeare and Joe Dollo. The award is in honour of citizens who have made an outstanding contribution to the community and to mark the municipality's 125th anniversary. I know each of these fine gentlemen personally, and in my opinion, the awards are well deserved.

A very large crowd is expected to be on hand at the 17th annual Progressive Conservative Beef on a Bun BBQ to be held at the Kinmount Fairgrounds this coming Sunday, August 12 from noon until 4:00 p.m. The admission is Adults \$5.00 and children (12 and under) \$2.50. The event will be taking on an extra meaning this year with a visit from the Progressive Conservative leader himself Brian Mulroney who will be accompanied by his wife Mila. Mulroney will give an address to the gathering.

The Rotary Club of Haliburton held one of their most successful summer carnivals in the clubs history last Wednesday and Thursday evening, August 1 and 2. It rained practically all day during the first day of the big event and at one time it was very doubtful whether or not the parade would get underway or like many baseball games would have to be postponed due to rain. As luck would have it, just about an hour before parade time it finally stopped raining and the parade got underway as usual with many great floats and five bands. The sale of car tickets seemed to be as popular as ever. They were all sold out well in advance of the actual time of the draw which was held on Thursday night. One of the main highlights of the two day carnival was the Labatt's Waterfront Aquatic Ski Show which took place on Thursday evening before a very large crowd of spectators at Head Lake Park. The group was outstanding and put on a tremendous show that had the crowd applauding at various times during the one hour performance.

In 1935 all concrete used in building the Minden hydro-electric power dam and power house was

pushed from a temporary mixing plant (shown here) on the east bank of the Gull River in this four-wheel hopper cart over a wooden trestle to the point of pouring. The Dominion Construction Co.'s no. 3638 narrow gauge gasoline dinky locomotive was built in Plymouth, Ohio. Photo taken by Douglas W. Knowles.

From the Chamber

In a co-operative advertising program with Central Ontario Travel, we are in the process of printing a winter advertising package for all our members. A representative will be calling on you soon to offer space to suit your needs. However, if you feel an alternate means of advertising will better suit your needs, please call the Chamber office. We feel the new approach is sound, but we would like to hear our members' opinions.

The staff at the Chamber office have been busy this summer. They have personally attended to 1,505 visitor enquiries since the end of June.

County of Haliburton Agency for Child Enrichment would like to increase their membership. If you do not already know, CHACE Place is a parent and child resources centre located at the Lakeview Centre in Haliburton.

In addition to the daily drop in program for parents and children, they offer a reference library, a toy library, an equipment rental service and parenting workshops. The cost of a membership is just \$12 and the membership fees are used to support the drop in service which is offered free to parents and helps support the other services offered for which only a minimal fee is charged.

More letters

from page 4

an example, Highway 28 between Woodview and Bancroft used to be a scenic road and a joy to the tourist entering cottage country. New large signs punctuate the highway every twenty or thirty feet, marring the scenic beauty of the countryside. Heaven forbid that this should happen in Haliburton.

Our lakes, rocks, trees, rivers and streams are this county's greatest asset. Let's not hide them behind huge commercial signs.

I realize merchants must make a living, but surely they can be encouraged to use less obnoxious forms of advertising.

I support a total ban on commercial advertising along our highways and byways.

Question

By CATHERINE DENHOLM

Shall we stop the production of nuclear arms?

President Reagan tells us that to be sure of peace more and more nuclear bombs must keep rolling of the production lines so that the U.S.A. can keep ahead of the quantities manufactured by the Soviet Union. In Russia the people are told the same thing - they must keep ahead of the U.S.A.

All of these weapons are being made, according to Mr. Reagan and the Soviets, to keep the world safe. How safe are we going to be if the numbers are increasing? Where are they all going to be stored? Will they remain innocuous for the next 10 years, 100 years, forever?

I hope this planet earth will be available for generations to come but when I see what is

happening to the nuclear generating stations I wonder. They have troubles which were not foreseen nor planned for. The Douglas Point plant had a very short life and now sits waiting for someone to figure out a safe way of demobilizing it.

If thousands and thousands more nuclear weapons are going to be made will cracks start to occur and will there be radiation leaks? In the future what country will be used to store nuclear armaments and nuclear waste?

There is enough atomic war material, now, to devastate the world several times over. If we have a nuclear freeze now maybe those dangerous armaments can be contained, their cracks repaired, their lethal fumes forever locked inside. Maybe the world could last for many more generations.

Queen's Park Report

By JOHN EAKINS, M.P.P. [Victoria-Haliburton]

Premier Davis recently announced appointments to two of the three commissions that he indicated would be established in his statement to the Legislature of June 12 on the extension of the Roman Catholic separate school system. An announcement of appointments to the third commission, on the role of independent schools, will be made very soon.

Planning and Implementation Commission

As the first step towards the creation of Roman Catholic School Boards, which are part of the public system and responsible for both elementary and secondary education, a Planning and Implementation Commission has been established. This commission will guide and advise all parties on the implementation of this reform. The commission will be asked to:

- conduct "arbitrations" with respect to any disputes that may arise concerning capital facilities;
- consider the precise legal and financial means by which the new policy can be implemented;
- receive, and adjudicate on, the plans of implementation submitted by the Separate School Boards;
- discuss, and make proposals concerning, the matter of school board boundaries;
- work with the Ontario Teachers' Federation, the school boards, and the Education Relations Commission to ensure that all teacher personnel

matters are addressed in a fair and equitable manner.

Ontario Commission to Inquire into the Financing of Elementary and Secondary Education

A commission to inquire into the financing of elementary and secondary education in Ontario has been established. This commission will be asked to:

- study the appropriateness of the current plan for elementary and secondary education;
- consider the degree of local participation through property taxes with due regard to local decision-making and accountability;
- study the availability of resources to local school boards in the attainment of educational objectives with due regard to demography and geography;
- consider alternative methods of financing elementary and secondary education with due regard for the allocation of responsibility for fiscal decision-making and accountability;
- address financial issues raised by constituent members of the educational community and other interested parties;
- make recommendations, after due consideration and study, with respect to the matters inquired into by the commission.

Commissioners have been appointed to carry out this inquiry and they will be empowered to request submissions, receive briefs, and have persons with special knowledge in these issues assist them.

Federation of Ontario Naturalists

By ARLIN HACKMAN

QUETICO BIRTHDAY

If you have read George Orwell's sobering scenario for life in 1984, you no doubt greeted new year's dawn with just a little uneasiness. But this year, we have reason to take a moment to enjoy a backward glance at some historic achievements, before turning again to face an unknown future.

No doubt you have seen and hear a lot about Ontario's bicentennial. But there is yet another anniversary celebration going on which, to my mind, deserves special mention.

Seventy-five years ago, in 1909, the governments of Ontario, the United States and Minnesota established the Quetico Forest Reserve, the Superior National Forest and the Minnesota Game Reserve respectively. Four years later, in 1913, Quetico became a provincial park. Since then, the Ontario, U.S. and Minnesota governments have worked closely together to manage this unparalleled wilderness.

Its not all been easy paddling. Many decades passed, marked by pitched battles between conservationists, loggers, sportsmen and industrialists, before the Ontario government confirmed that its wilderness values outweighed all else by designating Quetico as a wilderness park in the early 1970's. These tensions still linger on. As well, the art and science of caring for a diverse and changing wilderness environment is not yet fully developed, as any park official can tell you. So there is every reason for individuals like you and I to remain vigilant, ensuring that the foresight and dedication of people 75 years ago will live on in this most magnificent legacy another 75 years from now.

If you are interested, a new organization has just formed to help in this cause and to promote wider public recognition of Quetico's natural wonders. Its called the Friends of Quetico. Park Officials also have a host of special events organized this summer, including a photo contest for amateurs and professionals alike. Information

Regatta draws large field of competitors

Hundreds of spectators and participants turned out on Sunday to be a part of the fun at Haliburton Lake's annual regatta. Hot, sunny weather, along with a long weekend for most involved, resulted in a large field of competitors and an even larger crowd of enthusiastic spectators on the shore.

Although competition was keen in some of the many events, the emphasis in all instances was on participation, rather than on winning.

Waterskiing

In the ski competition, the first event of the day, participants tested their skills on a course consisting of four markers. Results from the event are as follows:

Men under 12: Jeff Preston. 12-17: Andrew

Knight. 18 and over: Gary Rowden.

Women under 12: Heather and Alison Capson. 12-17: Terry Wiskin. 18 and over: Debbie Goldchuck.

Expert class: 1. John Preston; 2. Christopher Sutton; 3. Gary Rowden.

Swim Races

One of the most popular events at the regatta was the children's swim races, held on Sunday afternoon. This year, participation was especially high. The top finishers in the races were:

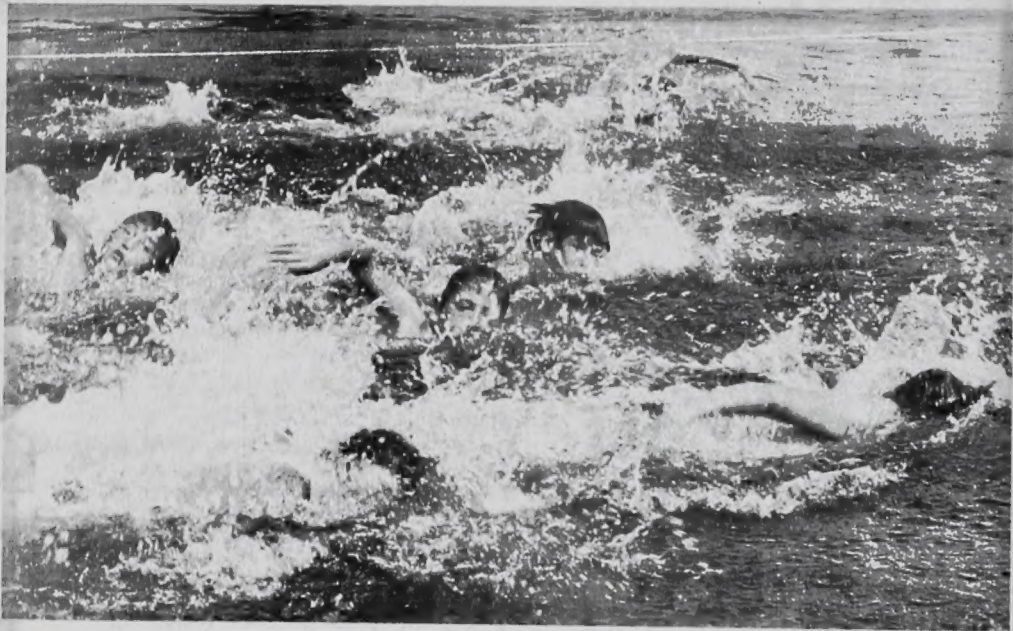

Boys 5 and under: 1. Adam Inglis; 2. Berrett; 3. B.J. Knight.

7 and under: 1. Marshall Armatidge; 2. Darrel Sadusck; 3. Ray Powell.

Swimming for first place

Dixie Lee ties Huntsville 1-1

By JIM MILNE

Dixie Lee and Huntsville played to a 1-1 tie last Sunday in Muskoka District soccer action. The Haliburton team had the best chances but couldn't put the game away. Dixie Lee scored first in the middle of the first half. Tim Wood ran onto the ball to the right of the Huntsville goal. As a crowd gathered, he sent the ball

back into the goal mouth where it bounced off the goalie. Pat Mastrangelo put the ball in. In the second half, Huntsville scored from a penalty kick.

Dixie Lee fielded a full team of 14 players even though some of their regular players were absent and they were travelling to an away game on the holiday weekend. There were even a

number of Haliburton fans. Shelley Bull, who keeps statistics for the team, recorded 10 substitutions for Dixie Lee in the first half alone. In contrast, Huntsville, a strong and successful club, could only field a full 11 in the second half after delaying the start of the game for 20 minutes.

Next Sunday, Dixie Lee faces Parry Sound, another

strong team, in the last home game of the regular season in Minden at 2:00 p.m. With the enthusiasm evident in the last two games, however, Dixie Lee is well placed to improve their record over last season. One more win will do it.

The team will practise in Minden on Thursday at 7:00 p.m. Everyone is welcome to scrimmage with the team.

Labatt's run opens carnival

By ELIZABETH CHURCH
Staff Reporter

Heavy showers did not discourage 52 dedicated runners who came to Haliburton last Wednesday to take part in the third annual 10 kilometre fun and fitness run held in conjunction with the Rotary Summer Carnival. In spite of the weather, participation this year was up from last, with 14 additional runners competing in the race.

Runners began the 10 kilometre course at the government dock beside Head Lake. After following the shoreline for a short distance they then crossed Highway 121 and followed County Road 1 and South Kashagawigamog Lake Road, to complete the run back at the government dock.

Although the major purpose of the run was fun and exercise, certificates were given to all those who participated and the finishing time of each runner was recorded.

First to cross the finish line this year was Jason DeSoto, who completed the run in 36 minutes and 46 seconds. DeSoto took first prize in the Junior Male division, with Joe Gooding finishing second in 39:39, and Bruce Parker taking third spot with 42:21.

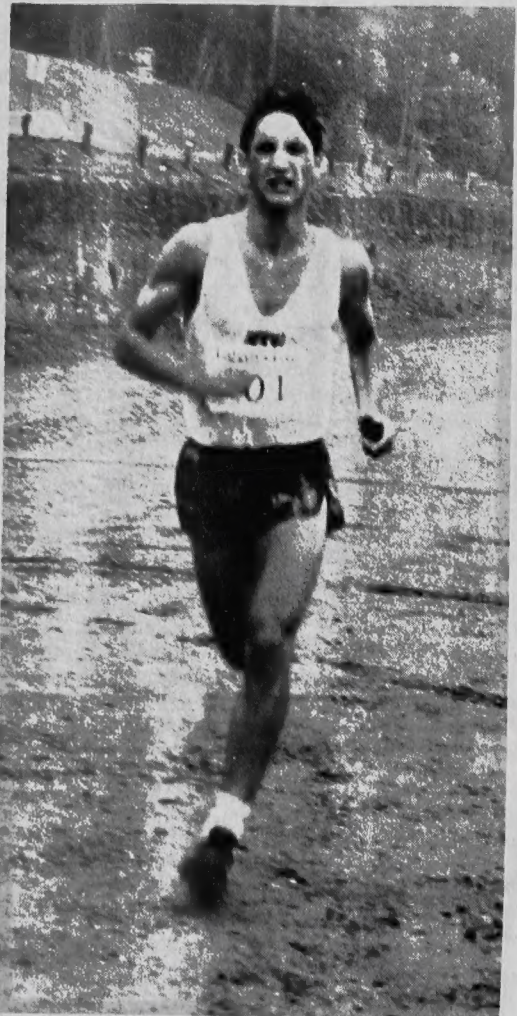

Buck Buchanan was the second runner to make it back to the docks. Buchanan completed the course in 37:08 to take the top spot in the Male Open category. Following him were Peter Elmslie who took second place with a time of 39:55 and Mike Hatkoski who was third, completing the route in 41 minutes.

The fastest female to complete the run was Marla MacNaull, who finished the course in 45 minutes and 39 seconds and took first place in the Junior division. Jan Parker finished in second with a time of 53:26.

In the Female Open category, Cindy Brown placed first, crossing the line in 47:43. Toos Reid took second with a time of 51:45.

Marcel Crete topped the Male Masters division for runners 40 years of age and over, finishing the course in 37:20. Stru Gilson placed second, returning in 38:46 and Michael Lester came in third at 43:26.

Lois Rhodes, the lone female competing in the Masters Class, was also the oldest woman to take part in the event. Frank Cooke was the oldest man. The youngest boy in the race was Kyle Surrock, while the youngest girl was Jan Parker.

Justin DeSoto puts on one final push as he crosses the finish line at the Labatt's Fun and Fitness Run. DeSoto was the first runner to complete the course, finishing in 36 minutes and 46 seconds.

Crowds line beach for Kennisis Lake Regatta

By STAN LESCHINSKY

The ingredients were a warm, sunny day, about four hundred eager competitors, a crowd of spectators, good organization and helpful assistants. The result was a highly successful 26th annual regatta, sponsored by the Cottage Owners Association of Kennisis Lake and organized by Doug Lenart, Stan Leschinsky and Barry McCann. Competition was keen at times, but always with a spirit of fun and co-operation. A total of 246 medallions and 17 trophies were awarded to winners.

Marathon Swim

The marathon one mile swim, the first event of the day, drew an increased number of participants from last year. The sixth place finish of Jason Reeve, 10, was just one of the highlights of this event. The final results were as follows:

Swim Races

6 years and under: 1. Paul Watkins; 2. Sharon Lancia; 3. Cheryl Frost.

Boys - 8 years and under: 1. Christopher Hewitt; 2. Andrew Watkins; 3. Craig Kipling.

Girls - 8 years and under: 1. Laura Gibbens; 2. Katie Watson; 3. Diane Peck.

Boys - 10 years and under: 1. Jason Reeve; 2. Todd Williamson; 3. Christopher Ball.

Girls - 10 years and under: 1. Andrea Gibbens; 2. Jennifer Peck; 3. Leanne Gibbens.

Boys - 12 years and under: 1. Jimmy Gibbens; 2. Scott Williamson; 3. Gary Cowling.

Girls - 12 years and under: 1. Rhonda Kozak; 2. Michelle Perotto; 3. Stephanie Wright.

Boys - 14 years and under: 1. Alex Petrie; 2. Jim Gibbens; 3. Scott Williamson.

Girls - 14 years and under: 1. Sandy Richardson; 2. Leslie Howitt; 3. Leslie Gibbens.

Boys - 16 years and under: 1. Kerri Richards; 2. Alex Petrie; 3. John Gibbens.

Girls - 16 years and under: 1. Sandy Richardson; 2. Leslie Gibbens; 3. Jill Lawrence.

Men - 17 years and over: 1. Dave Stewart; 2. Rob Cowan; 3. Dave Beardsall.

Women - 17 years and over: 1. Dawn Ball; 2. Kate Morrison; 3. Angie Seguin.

With Flippers: 1. Scott Williamson; 2. Jimmy Gibbens; 3. Jason Reeve.

Log Rolling - Perry Morrison Trophy: 1. Brian Mackie; 2. Bernie St. Pierre; 3. Jeff Pinkney.

Boat Parade

1. Hawaii Hula Girls - Gladys, Marion, Janet, Vera; 2. Kennisis Fire Dept. - Peck Family; 3. Capt. Kennisis and his Ghostly Crew - Lancia Family.

Miss Kennisis Beauty Pageant: Winner - Miss Paulette.

Boat Races

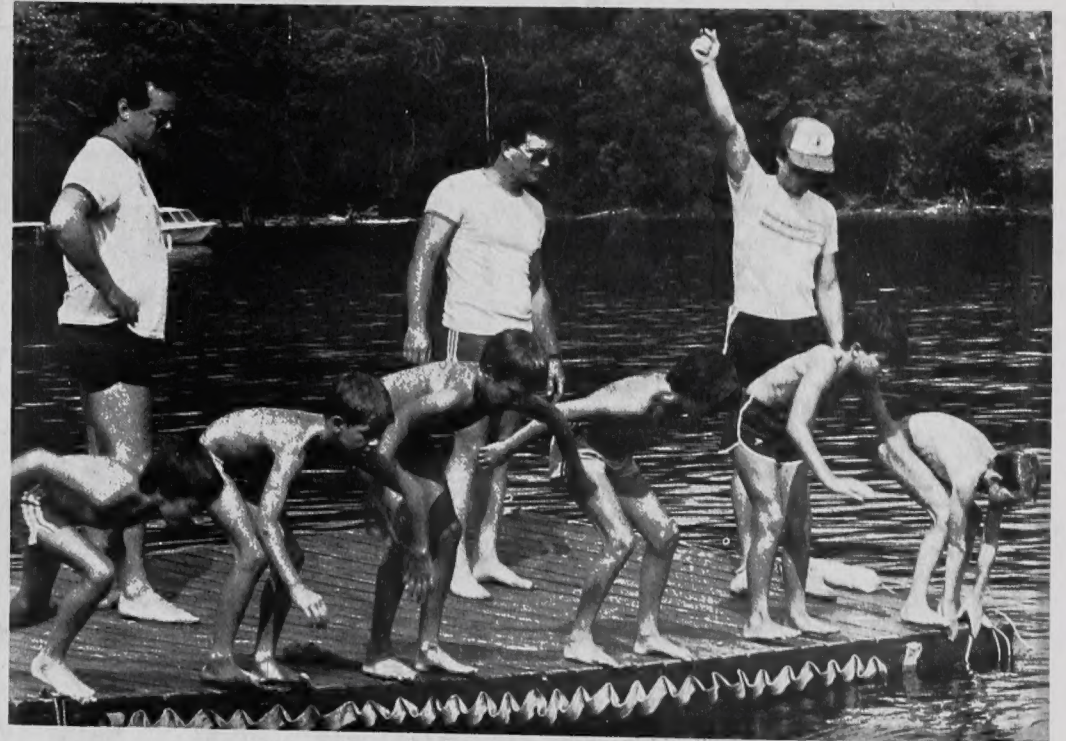

Canoe Race - open singles: 1. Randy Benson; 2. Greg Salivan; 3. Jeff Pinkney.

Backward Canoe Race: 1. Pinkney and Smith; 2. Richardson and St. Pierre; 3. Howitt and crew.

Rowboat Race: 1. Kostiw and Gibson; 2. Cowling and Burgess; 3. Bagnall and Gibbens.

Canoe Race - fours mixed: 1. Balls; 2. Bensons; 3. Burch's.

Victoria & Haliburton Riding

HOW AGRICULTURE AFFECTS US

Farmers have been caught in a cost-price squeeze by the Liberal government. It has caused:

- ✳ an 800% increase in farm bankruptcies
- ✳ a 12% decline in the number of farms
- ✳ a 100% increase in Farm Credit Corporation interest rates
- ✳ a 450% increase in farm operating costs

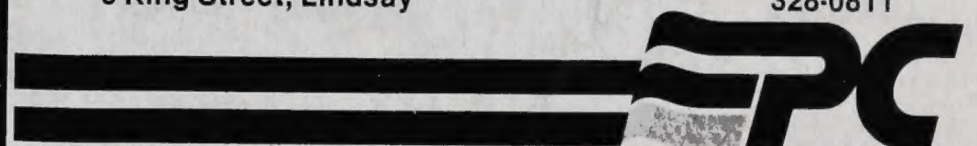

To help the farmers of Victoria-Haliburton and across the country a PROGRESSIVE CONSERVATIVE government will:

- ✳ Abolish capital gains tax on the sale of farms as long as they remain farms
- ✳ Reduce the price of fuel for farm use by removing the 9% federal sales tax and stopping the collection of the current excise tax
- ✳ Extend and expand the Farm Credit Corporation's special interest rate subsidy
- ✳ Establish an Agribond Program to allow Farm Credit to provide loans at reduced interest rates

Family

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Northern Lights

By VIRGINIA MUENZEL

You're not losing a son,

There's going to another wedding in the Muenzel family this weekend. The clan is gathering to witness the nuptials, and generally celebrate the whole affair. There'll be back-slapping, joke telling, introductions of one group of in-laws to the other, and the jovial gaiety that usually presides at weddings.

However, the party will soon be over, the relatives gone back home, and then the happy couple will have to get down to the basics of living. And, in this day of easily discarded relationships, parents tend to wonder how long it will last.

I guess that sounds rather pessimistic. But "This is the 1980's!" as I've been told, and marriages begin and end with such frequency, as to make us old fogies wonder why they bother in the first place. It's too bad that marriage and family living isn't a compulsory subject in every high school curriculum. Young people need to learn that marriage isn't bliss. It's one of the hardest, most complicated relationships, requiring full-time attention. They need to have the "happily-ever-after" myth exploded. That only ever happens in fairy tales. In fact, I'll bet if someone followed Cinderella around the week after her honeymoon was over, she'd probably have already put a crack in her glass slipper. Prince Charming would be complaining about having to eat all the pumpkin, and she'd want to know when he was going to do something about those rates, and weren't they ever going to get a decent carriage, now that the fairy god-mother person had hit the road? And so on, and so forth.

Marriage is darned hard work. I ought to know. I've been up to my eyeballs in one for almost twenty-seven years. To the same man yet. So, how do we do it? There are actually several couples out in the real world who've been married twenty, thirty, even fifty years. Have we found some secret formula? Has life been less unkind to us? Do we never quarrel? Baloney. I don't know about the rest of you old married folks, but the only secret I know of is that we don't think of getting on the divorce bandwagon every time something doesn't go our way, or the budget won't balance, or we find our mate has a habit we find singularly appalling. Then there's what I call the three C's of marriage, that seem to be missing in a lot of modern arrangements. Commitment, compromise, and communication.

If we want to do something well, we have to commit ourselves. Be determined, and consciously work at being successful. It holds true in school, and career. Why not in marriage? Happy marriages aren't accidental. Surely a life-long relationship deserves some kind of commitment.

Then, there's that old bug-a-boo, compromise. Perhaps the lack of it kills more marriages than anything else. "My way, or no way!" never works. Sometimes you have to give in, even when you're sure you're right. Of course, it's nicer when you can meet somewhere in the middle.

Finally, communication. Isn't it funny how we have so much trouble just talking to the ones who matter most in our lives? Instead of telling it like it is, we hold it back inside us, letting it smolder and burn. Here, we have beside us the one person in the world we can reveal our deepest secrets, and hopes to, and we don't do it. For fear they'll laugh? Or disagree? If one partner doesn't like the way things are, how can it be changed, if they don't talk it out? Maybe the partner doesn't even

Please turn to Page 12

These smiling girls are just some of the many children who came with their parents to the CHACE Place circus last Thursday morning. As well as being entertained by a clown, children also took part in the event by dressing up and helping out in the centre ring.

Home Support News

By JIM WILKINSON

To have reached the age of being a senior is great. However, to be a senior citizen in Haliburton County is to be fortunate. Interested seniors have set up in Haliburton County what is considered to be the finest Home Support Service in this province. Its aim is to enable every senior in our county to live as comfortably as possible in their own homes - unless they are absolutely helpless.

What do we do for you? How about Meals on Wheels delivered at a cost of \$2 each to your home three times a week. Are you feeling aching and sore and do your toenails need to be clipped? Contact us about the Foot Care Clinics that are available in Haliburton, Minden, Dorset, Wilberforce and Cardiff. The cost is \$2 for each appointment.

If you are confined to your home by ill health but you

are not eligible for the Red Cross Homemaker service and you require some home help, contact our office for assistance and for help for both the inside and the outside of your home at a reasonable cost.

Do you feel the need of getting out and meeting old friends or making new ones? Contact us about our Wheels to Meals programme. We have luncheons, followed by social activities in several parts of the county at the low cost of \$4 for lunch. These are just a few of the services we offer.

Haliburton Home Support provides access to every possible need of a senior. We're only a phone call away (457-2941). Or, drop in and discuss your problem with Donna Bailey, our very capable co-ordinator. Our office and the Drop-In Centre are just across the road from Emmerson Lumber. You're always welcome. Our office

open Monday to Friday 10 a.m. to 4 p.m.

A 30,000 Island boat trip on the Miss Midland with a different route from the trip last year is being planned for Wednesday, September 19, departing from Haliburton with pick up stops at Carnarvon and Minden. Your ticket, \$32.00, includes the coach,

cruise, dinner and tips, but not lunch. Phone Gloria Lemieux at 286-1139 or our office for a person to contact in your area for tickets. It will be on a "first come, first served basis". Don't be disappointed. Buy your ticket early. This beautiful day is sponsored by a committee of Haliburton County Home Support Services. Have a nice day.

Drop-in Centre News

By ANNA M. NICHOL

The 30 minutes before the Rotary parade on Wednesday, August 1 proved to be a very touching experience. Two volunteers, Ev Stata, Mary Robertson, and myself set out along the parade route to distribute brochures for the Haliburton County Home Support Services and the Drop-In Centre. In spite of the dreary, cloudy weather, the excitement of the parade did not dampen the spirits of the spectators. During the distribution of the brochures, I was happy to hear comments from summer cottagers that they made use of our services.

By the time 7:30 rolled around, I stole a glance around the crowds and noticed our familiar pink and yellow brochures clutched in hands or tucked in a pocket. My only hope was that once brought home, the papers would be read seriously. It would be a crime to think of seniors in our community requiring a service and not knowing how or where to obtain it.

So, all of you out there, if you know of someone who would benefit from a warm meal three times a week, a ride in or out of town, help with the housework, a friendly phone call or visit or a social outing or swim, exercise, and playing cards, please call us we will give you all the particulars. Remember, it is the hand that is reached out that will receive the assistance.

Come and pick up a brochure at the Drag River Municipal Building on Maple Street, and see how we can help or call at 457-2941 (Home Support Services) or 457-2171 (Drop-In Centre).

Just a reminder of the Emergency First Aid Course that is being sponsored by the Home Support Services and Drop-In Centre. The one-day course will take place Friday, August 17, from 9:00 a.m. to 4:00 p.m. All seniors are invited to partake in the course. Names will be taken on a first come, first served basis. Call the office if you are interested and remember to bring your own lunch.

Trent Severn News

On Monday, July 30 the Haliburton Lakes storage stood at 84.3% down 4.5% since the 23rd. This is somewhat greater than the more normal summer time decline of 3.5% per week.

Last week it appeared that increased flows from the Haliburton reservoir lakes could be run through the Kawartha Lakes and down the Otonabee River. The past week has seen a drastic increase in evaporation losses however, so Otonabee River flows have again been reduced to the minimum, and the water used to replace evaporation losses.

Drag Lake , the setting for two days of fun

The start of a close race

Driving in a nail

Murray Balkwill serving ice cream

By JOAN BEALL

Fun, sun and comradery was the order of the day when the Drag Lake Property Owners Association held their annual Aquatic and Fun Day Saturday, August 4 and Sunday, August 5.

Ced Hurd Memorial Swim

The festivities began at 11 a.m. Saturday when 26 contestants, aged eight to 33, entered the water at Blueberry Island to compete in the Ced Hurd Memorial Swim.

The blue lake bobbed with boats as people cheered the swimmers on to the end of the race at Larry Podmore's beach where a certificate was given to all those who took part in the mile swim. Ced Hurd's daughter, Mickey Jones, presented Sandra Appleby with the winner's trophy. Appleby, 19, finished the swim in 28 minutes and 19 seconds. Second place went to Heather Martyn who came to shore in 28:57, while third spot went to Patricia Morrison with a time of 29:35.

Harris Beach Splash

Saturday afternoon the aquatic sports continued with the Harris Beach Splash. Dave Laferde, organizer of the Splash, commented that it was one of the most successful in the association's history of the Aquatic Day activities. The results were as follows:

Five and under: 1. Robert Young; 2. Jeffery Anga; 3. Kendall Kowaluk.

Six and seven: 1. Elizabeth Jones; 2. Marc Ebdon. **Eight and nine:** 1. Kylie Booth; 2. Cheryl Wilson; 3. Susie Fink.

Ten and eleven: 1. Marc Cornwall; 2. Sarah Watts; 3. Chris Brown.

Twelve and thirteen: 1. Chris Beadle; 2. Kristen Booth; 3. Sharon Jones.

Fourteen and fifteen: 1. Kelly Richardson; 2. Jeff Richardson; 3. Joey Parkinson.

Tube race: 1. Joey Parkinson, Greg Schmidt, Kathryn Parkinson.

Senior tube race: 1. Mike Fink, Steve Eaton, Jeff Eaton.

Girls' canoe race: 1. Karen Young and Aimee Lapp; 2. Sharon Jones and Susan Fink; 3. Kathryn Parkinson and Betsy Walls.

Senior Girls' canoe race: 1. Kristen Booth and Chris Beadle; 2. Sarah Walls and Debra Richardson; 3. Hylie Booth and Cheryl Wilson.

Men's Senior canoe race: 1. Joey Parkinson and Greg Schmidt; 2. Robbie and Bill Booth; 3. Chris Tulino and Jason Lodge.

75 yards open: 1. Jim Fink; 2. Jeff Aidred; 3. Trish Morrison.

Husband and wife canoe race: 1. Valerie and David Walls; 2. Dennis and Debby Richardson; 3. Liz and Dave Beadle.

Fun Day

Sunday the Drag Lake "Mini Olympics" continued on the grounds of Haliburton Lodge.

A bright, warm sun shone as friends and neighbours gathered to compete with one another in good humour.

Alan Ferguson, general organizer of the two day activities, directed and announced the events. Results were as follows:

Races

Age 4 and under - mixed: 1. Kendal Kowaluk; 2. Patricia Naulls; 3. Stephanie Coleman.

Age 5 and 6 - mixed: 1. David Naulls; 2. Kimberley Botnick; 3. Mark Ebdon.

Age 7 and 8 - mixed: 1. Kylie Booth, John Somerville (tie); 2. Chris Tulino.

Age 9 and 10 - mixed: 1. Marc Cornwall; 2. Cheryl Wilson; 3. Everyone.

Age 11 and 12 - boys: 1. Tayne Sinclair; 2. Chris Brown; 3. Bill Somerville.

Age 11 and 12 - girls: 1. Kathryn Parkinson; 2. Betsy Walls.

Age 13 and 14 - boys: 1. Jeff Eaton; 2. Chris Cornwall; 3. Mike Witten.

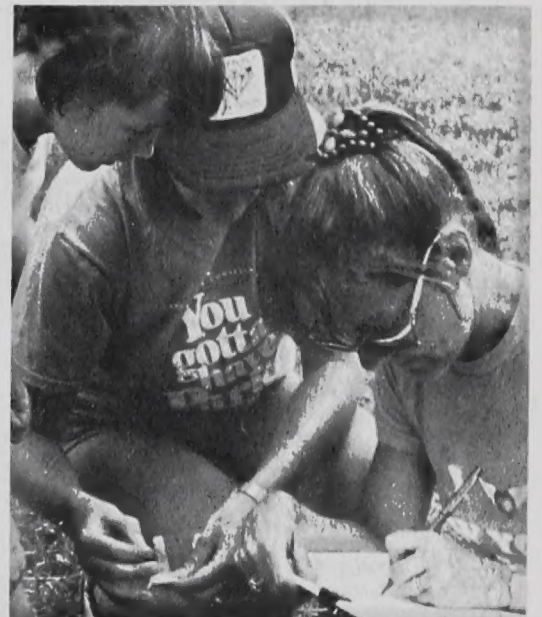

Age 15 and over - men's: 1. Mike Laferle, Mark Ryan (tie); 2. Stan Korolnek.

Age 15 and over - women: 1. Janette Anga; 2. Trish Morrison; 3. Sun Young Chung.

Three Legged Race

Age 9 and under - mixed: 1. Kylie Booth and Cheryl Wilson; 2. John Cornwall and John

Gooderham Horseshoe Days , a very popular crowd pleaser

By MARY HADLEY

Once again the weather smiled on Gooderham for its Horseshoe Days. On Friday and Saturday evenings a good crowd danced to the five-piece band, Bruce County Blue Grass.

Talent Contest

The contestants in the talent contest delighted the crowd Saturday afternoon. In the Under 14 category first place winner was Troy Kennedy. Second prize was won by five-year-old Kelly Preece, while third prize went to David Harrison. Melvin and Michael Mintz received honourable mention with their duet.

In the 14 years and over category Steve Allen played his guitar and sang to win first place. Ted Hodley with his mouth organ came second, while Robbyn Billings stood third with his country and western solo. Honourable mention went to Rachael Godjos.

As in past years, Avery Spence acted as a genial and efficient master of ceremonies. By popular request he again performed as Jake the three legged man. This unique presentation is always a crowd pleaser.

Horseshoe Tournament

Of course, horseshoe pitching is a big attraction. On Saturday in the doubles, winners were as follows: first, Bill Cargill and Bryan Roberts; second, Harvey Roberts and Don Trooper; third, Bruce Armstrong and Ron Young. Consolation: first, Al Pheral and Ron Barr; second, Bud Pipher and Ed Strobach.

On Sunday in the singles, winners were: first, Bruce Armstrong; second, Frank Shewring; third, Bob Hunter.

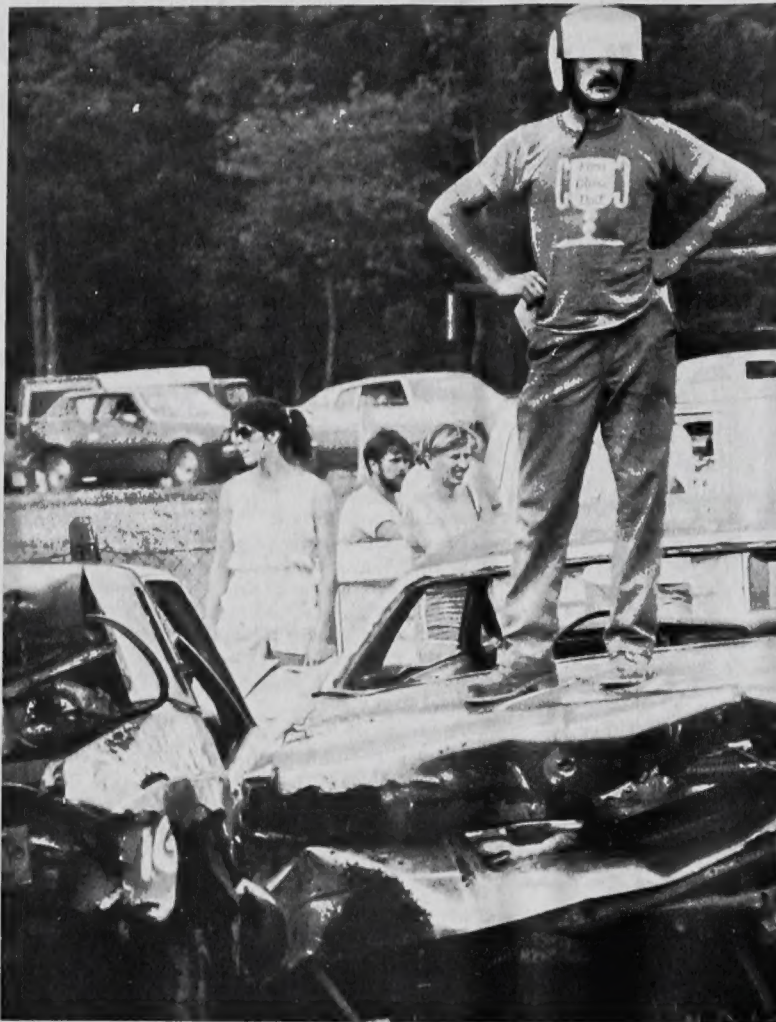

Four men's ball teams entered the competition with Irondale proving to be champions, while Gooderham won the consolation.

The different lakes compete annually in a tug-of-war. Winona Lake were winners for the fourth year in a row.

Demolition Derby

The demolition derby was the special event for Sunday. Winners are as follows: Feature prize - Kemp Merritt, a trophy and \$250; second - Craig

7-9: 1. Biagil Torres; 2. Andy Miller; 3. Ryan Armatidge.

9-11: 1. Robin Newton; 2. David Mercer; 3. Jerry Sendorson.

11-13: 1. Mark Marx; 2. Chris Beverage; 3. Robin Newton.

13-15: 1. Mark Marx; 2. Philip Beverage; 3. Jeff Miller.

Girls 5 and under: 1. Kristan Dongin; 2. Monica Paulie; 3. Julie Mason.

5-7: 1. Katie Mickelborough; 2. Ashley Dongin; 3. Kimberly Jones.

7-9: 1. Patricia Symons; 2. Mary Lynn Quinn; 3. Laurie Ann Ferguson.

9-11: 1. Jenny Sule; 2. Heather Capson; 3. Martine LeBlanc.

11-13: 1. Patrice Lavac; 2. Jenny Sule; 3. Sarah Lounds.

13-15: 1. Carrie Newton; 2. Lisa Taylor; 3. Sarah Lounds.

In addition to these short distance swim races, a marathon swim race, covering a distance of approximately two miles, also attracted a number of swimmers, anxious to see if they could go the distance. Finishing first in the marathon was Mark Marx. Scott Richards was the second swimmer to reach the shore, while Hugh Miller came in third.

Boat Races

Action was exciting in the sailing races. Winning in the double sail division was Don Crump, with Harold Knapp following in second spot. In the single sail category, Sue Crump captured this year's title. Jason Thomson finished in second spot.

A wind surfing competition was also part of this year's events. Finishing in first spot was Ian Jamison. Second place went to Mark Faar and third to John Hilborn.

While some raced with the wind, others chose to compete with fuel and motors. In the power boat races, first place in the 10 horsepower division went to Bob Wagmaar. Pat Kants captured first spot in both the 50 and 85 horsepower races, while Dan Turpin finished on top in the 140 category. Dave Taylor was also a two time winner, taking the 200 and the open divisions.

Tug of War

The fun was completed with a tug of war contest which pitted South Bay against the main lake. Competition was close, with South Bay taking three of the five divisions. Results of the battle are as follows: 12 and under, main lake; 18 and under, South Bay; ladies 18 and under, South Bay; men 18 and over, main lake; ladies 18 and over, South Bay.

Canoe Race - 4's mixed: 1. Howitt crew; 2. Burley crew; 3. Gibbens crew.

Pedal Boat Race: 1. Backwoods Marina crew; 2. Bairds; 3. Mayhofers.

Family Canoe Race - Benson Trophy: 1. Balls; 2. Bensons; 3. McGowans.

Trick skiing made a comeback this year with skillful displays by Bruce Burley, Dan Fiorini, Greg Salivan and Digby Burke.

The day also included a tug of war with South Shore pitted against North Shore. This year, the residents from the south shore were victorious. In other competition, Drew Kleinschmidt and Pete Schierloh took the egg toss title.

District News

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Gooderham News

By MARY HADLEY
On Sunday, August 19 at 2 p.m. decoration day services will be held at the Glamorgan Cemetery. In case of rain, services will be held at the United Church.

About 40 members of the Billings clan gathered recently at the Bear Lake Park for their annual reunion. A special guest was Helen Williams of Wales, granddaughter of Nora Carey's sister, Cora Bynes. The oldest guest was Nora Carey and the youngest was little Amanda Bird. Grace Billings, accompanied by her cousin, Clinton Switzer, visited her son, Leslie and his family at Lanark for a few days.

Bob Hartin of Omemece and Ted McGill of Peterborough were visitors of Grace Billings.

Last Monday was a lucky night for Kathy White who won the jackpot at bingo in the community centre. After 57 numbers were called she was \$200 richer.

Mirl MacDuff has returned from St. Joseph's Hospital, Peterborough, after undergoing surgery for a hip joint replacement. She is progressing favourably and getting about with a walker.

Mrs. Storey, mother of Ileen Hunter, also underwent surgery for a hip joint replacement. At the time of writing she was able to be moved from intensive care which is remarkable for a lady almost 93 years of age.

Garnet Hadley opened up his home in the village for his family to stay while attending Gooderham's Horseshoe Days. The guests included his daughters, Edna and Marjorie of Minden with their husbands, Harold Morgan and John Hallam; his

son, Charles with his wife,

The Pentecostal Church was a centre of activity on August 5 as it hosted John and Jean Clark and their Growth Group from the Christian and Missionary Alliance Church in Toronto. The group provided stirring testimonies, scripture readings, lively music, and challenging messages by John Clark in both services. The day ended with a luncheon in the church and much warm fellowship between host and visitors.

Jean, of Toronto, and his niece Shirley with her husband, Reg McGrath, of Hagersville.

Following the week-long "Fun and Fitness" programme at the community centre, two boys, Michael Billings and Jason Billings, were chosen to go the area meet at Lindsay last Wednesday. Would-be athletes from all over southern Ontario gathered there. Selected athletes will go to the provincial meet.

Pastor Sauve of the Pentecostal Church returned home Saturday after a week at Natureland Bible Camp with several young people from Gooderham. These young people included Kathy, Kenney and Kristy Sauve, Jason Stoughton, Carrie Billings, Diane Woods, and Tina Bailey.

Camp activities included horseback riding, canoeing, archery, swimming, rousing campfires, eating, soccer, a war game, a counsellor hunt with cream pie in the face for counsellors who were captured.

The spiritual aspect of daily living was emphasized simply and clearly by camp evangelist, Bob Gal.

The Haliburton Legion Ladies' Auxilliary recently donated \$2000 to Haliburton Hospital's physiotherapy department. Shown presenting the cheque are, from left: Greta Curry, Vera Dean, Edith Day, nurse administrator Marlen Bennett, and Ruth Schell.

Minden News

By MAIZIE AUSTEN

The Carnarvon United Church will be having a hot roast beef dinner on Wednesday, August 8. There will be three sittings at 5, 6, and 7 p.m. For more information call 489-2816 or 489-2886. Advance tickets will be available at 2 p.m. at the church.

I would like to wish David Lester a happy birthday on Monday, August 13. There will be a sidewalk sale in Minden on Saturday, August 11 on Main Street, with an antique auction, a treasure hunt for the children and much more. See you there for a good time from 9 a.m. to 5:30 p.m.

Don't forget the Art Mart Sale at the Agnes Jamieson Gallery in Minden. There will be paintings, pottery, weaving, wall hangings and knitted items for sale.

Thought for today - while the price of everything is skyrocketing a cab driver will still give you a dirty look for a dime.

It sure has been hot these days. Here is an idea for a hot humid day - Sangria: 1 bottle dry red wine, or rose, chilled, juice of one large lemon, approximately 1/2 cup chilled, 1 sliced lemon, remove seeds, 1 sliced orange

or 1/4 cup orange juice, carbonated soda water to taste. Chill. Add ice and sugar to taste. At serving time, combine all ingredients in a large chilled pitcher. Pour over ice in individual tall glasses. This is very thirst quenching on a sweltering afternoon. You can use equal parts of wine and soda water. Serves 2 to 4.

Household hint: To take water marks off hardwood floors use kerosene. To take old wax off linoleum floors use varsol and steel wool. And while you are down there on your knees, praying for a good job done sometimes helps.

Movies for children at the library cultural centre will be run on Thursday, August 9 from 7:15 to 8:15. Admission is free.

There is open house at the Minden Library Wednesday, August 8 from 7 p.m. to 9 p.m. Tea, coffee and goodies will be served by the library committee. Get out to see what the library has to offer.

Agricultural Society volunteers' work nights will be held August 7, 8, 9, 13, 14 and 15 at 7 p.m. at the Minden fairgrounds.

I was talking to a lady

the other day and we got on the subject of teenagers being in trouble. There really isn't any place, or much for them to do, to keep them out of mischief. Most teenagers don't have the price of a show for themselves, let alone to take someone out and stop for a snack like we used to do. I realize things have gone up but the biggest problem is that they can't get work. There must be something that can be done. Everyone talks about the trouble they get into, but very few try to help or speak up about ways to help out.

It looks like the fishing is good. Get out there and see if you can do as well as Don Spicher. His trout was 30 inches long and 21 inches around the girth. It was caught in 54 feet of water and weighed 18 1/2 pounds. That is a nice lake trout.

Phil Robinson celebrated his 75th birthday at the home of Janice and Jack Shaw. Les and Minnie Robinson and son Rick of Lindsay were also on hand. Happy birthday any many more to come.

Belated happy birthday to Ev Clout whose birthday was August 4.

If you have any news for me to include in my column please call 286-3607.

Kinmount Korner

By MILLIE MOSS

A belated happy 47th wedding anniversary to Marion and Ken Scott on July 24. Also on that date, a happy birthday wish to Christina Fountain who has reached thirteen.

Happy birthday to Bonnie Walker, on August 3, who will be pleased if I say she has reached three times thirteen.

I hope Blair and Febbe Crego are feeling better by now.

Vivian Anderson, along with her sister Mildred Williams, Angela Grozelle, grandson Duane Harrison and her great granddaughter Shaune Monahan of Whitehorse, Yukon, had a great time visiting Santa's Village at Bracebridge last Tuesday.

Results of July 17 euchre party held by St. Patrick's C.W.L.: ladies' high, Gladys Anderson; ladies' low, Ann Cain; men's high, Jim Simpson; men's low, Ambrose Watson; lone hands, Ernie Smith.

Happy birthday from all to Kay Atkins.

At the ten tables of euchre hosted by St. Patrick's C.W.L., July 31, results were: ladies' high, Clara Watson; ladies' low, Ruby Holbrook; men's high, Ambrose Watson; men's low, Ann Cain; lone hands, Nora Swinson.

Recent visitors at the home of Clara and Ambrose Watson were former summer neighbours Mr. and Mrs. Alf Tilhe of Toronto and Mrs. Mildred Kehler, also of Toronto. Clara Watson was given a surprise birthday party by her family last Sunday.

Happy 45th wedding anniversary to Amy and Fred Dorsett of Pickering on August 5. They are long time good friends of Jean and Bob Hollobon and spent a few days including their own special day at their home.

Eileen Shepstone and daughter Shirley Howe enjoyed themselves last week at Canada's Wonderland and later at Black Creek Pioneer Village.

Congratulations to Glenn and Chris Bowman who became the happy parents of a 7 pound 4 ounce daughter, Tabatha Charlene, born July 25 at Ross Memorial Hospital, Lindsay. Grandparents are Gladys and Archie Bowman of Kinmount. Tabatha's maternal grandparents live in Guelph.

St. James Anglican Church, Kinmount, was the scene of a pretty wedding July 28 at 3:00 p.m. when Candy and Paul Hutchison took their vows. It was a double ring ceremony and there were nine attendants. A reception followed at Galway Hall. The wedding cake was made by the bride's mom, Gladys Bowman. The happy couple were to visit Niagara Falls and Canada's Wonderland and will be residing in Haliburton. A side note of this wedding: one gift of a quilt, handmade by the groom's grandmother, had a bride and groom worked into it and under the bride was stitched "Candy: January 2, 1966" and under the groom: "Paul: July 21, 1960". This would be an heirloom to be treasured and passed down in years to come.

During the time of the Hutchison wedding, the Bowman household was a hive of activity. Visitors for the weekend were Larry and Debbie Bowman from Midland; Joe Bowman also of Midland, Dave and Penny Hutchison of Lindsay and the groom's mom and dad. Bob and Naomi Bowman, Lorne and Alva Bone, Colleen Crego, Doug Bowman and his fiancée Barb Toomey were also visiting for the weekend.

A big thank you to all who helped in any way and supported the annual Coboconk Legion Smorgasbord. There were approximately 315 people in attendance to enjoy the delicious food and I hear there was lots of it.

Attention Coboconk Legion members: Friday, August 10 at 8:30 p.m. will be Pub Night in the members' lounge. Come early and bring your guests to enjoy a sing along featuring Coboconk's own Pearly Queen. There will be a beef on a bun lunch with a charge of \$2. A good crowd is expected so remember, come early and enjoy a fun evening.

Edna Pearce is still a patient in Oshawa General Hospital but is doing well and is expected to be back at her Coboconk home in a few days. Mrs. Pearce will be 79 years young September 5, so get well soon Edna and be home where you belong for your big day. Happy birthday to you.

Well folks, stay well and happy, read the Echo and remember, we are judged by what we finish, not by what we start.

Northern Lights

from page 8

know how you feel.

I've gone on long enough. Probably too long. It's just that I want my children to enter the state of matrimony with open eyes. Knowing, up front, that there will be joy, and despair. There will be hopes and bitter disappointments. There will be moments when you love each other to distraction, and days when you wonder how the heck you ever got yourself mixed up with a jerk like that. That is marriage. And that's why the vows don't read, For better, For richer - in health, Till us do part. Have a happy marriage, children. May love and peace abide with you. And the patience of Job surround you.

Municipality of Dysart et al
NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSAET ET AL TO STOP UP, CLOSE AND CONVEY PART OF THE ORIGINAL ALLOWANCE FOR ROAD BETWEEN LOTS 25 AND 26, CONCESSION V, TOWNSHIP OF HAVELOCK IN THE COUNTY OF HALIBURTON

NOTICE IS HEREBY GIVEN pursuant to Chapter 302, Section 301 of the Municipal Act, as amended, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, August 13th, 1984 a By-law to Close, Stop-up and Convey Part of the Original Allowance for Road between Lots 25 and 26, Concession V, in the Township of Havelock in the County of Haliburton.

WHICH SAID parcel or tract of land is illustrated shown in heavy outline on a plan of survey by Paul Wilson, Ontario Land Surveyor, dated May 3rd, 1984 and available for inspection at the Township Office of the Municipality of Dysart et al, Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law at its meeting to be held at the time and place above-mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his counsel, solicitor or agent, any person who claims that his land will be affected by the said By-law and who applied to be heard.

DATED at Haliburton, Ontario this 16th day of July, 1984.

Wayne B. Wood, C.M.C.,
Clerk-Administrator.

Wilberforce News

By WINNIE SCHOFIELD

For weeks we were saturated with news about the coming election through daily paper and TV coverage. We listened to debates and discussed the various view points while wondering about the outcome. Our interest was aroused. What a jolt to discover, during casual conversation, that the enumeration in our area had been completed the previous week. We were not on the voters list. We must have been shopping or working in the garden when the enumerator called. How many other folks find themselves in this same annoying predicament? This situation could be avoided by a simple card bearing the name and address of the delegate being left at each home where the resident is absent during the enumerator's call. To cover the cost of this service the Government could cancel some of those unnecessary publications that arrive in every government envelope.

Notice of the enumeration dates July 27 to August 2 were posted in the Municipal office, the IGA store and the Post Office. It is not hard to see why one would never notice the information bill in the Post Office. It is surrounded by scores of other documents and placed close to the ceiling, at eye level for perhaps a six footer. The notice gives information to those not already contacted to get in touch with Ric Pringle at his home at Wilberforce Lake. This service is available until August 15 at 10 p.m.

Agricultural report

The Role of the Parent
A keen 4-H member often goes hand in hand with a supportive parent.

And it's that way because a parent's interest in 4-H is catching. It motivates a 4-H member to do well in the club.

The role of the 4-H parent can be crucial to the success of a 4-H club. Not only does the parent encourage the member, but the parent provides the important link between 4-H and the community.

When their child joins 4-H, parents want to know about the philosophy of the program, the expectations which will be placed on their child and the opportunities provided by the 4-H program. Answers to these important questions can be provided by leaders or the local Ontario

Ministry of Agriculture and Food staff. Parents can easily become involved in 4-H. Driving members to meetings or asking their son or daughter about the meetings is a start. Parents can encourage project work at home and attend 4-H activities too. Or, by simply asking a club leader what they can do to help in the general running of the program, a parent can support the 4-H club. As a parent, being involved in your family's 4-H work is an investment in time but the rewards are worth it. For more information about the 4-H program, contact Christine Dukelow, Rural Organizations Specialist, at the Lindsay Agricultural Office, 322 Kent St. West, Lindsay, Telephone 324-6125 or Zenith 97920.

Polling takes place on Tuesday, September 4. Wilberforce polling station is at the Fire Hall. The advance poll is August 25, 27 and 28. The closest polling station for the advance poll is at Haliburton in the Township of office, from noon until 8 p.m.

A dance will be held in the Memorial Centre on Saturday, August 11 sponsored by the Agricultural Society. Music will be provided by Country Rock.

In two weeks' time the Rock Hound Fair takes place August 17, 18 and 19. In the meantime, there is roller skating in the arena on Tuesday and Friday from 7 to 9 p.m. You may be able to catch some baseball action any night at the field. There are tennis courts available

for games and the Library provides service Tuesday and Friday evenings and Thursday and Friday afternoons.

There is a summer playground in operation during August. This is supervised from 10 to 3.

Dorset News

By PHYLLIS BRISCOE
"It's easy to entertain a housewife. She will enjoy any meal, even the simplest, that has been prepared by somebody else."

Apologies for the unsettled weather we have been having. It hasn't been what was ordered at all. But we have to take the bitter with the better and hope for more acceptable weather to come.

The Oxtongue barbeque and dance took place in the big tent on Saturday, August 4. It was enjoyable evening.

Sunday, July 22 was St. Mary Magdalen's festival day and was celebrated by the Dorset Anglican Church, it being their patronal day. There was a beautifully decorated cake as well as corsages for the ladies. The church was nearly filled and a social time was enjoyed after the service.

Our best wishes for a speedy recovery are extended to June Johnson who was injured in an auto accident last week and taken to Huntsville Hospital. June is the owner and operator of our local ladies' shop and wife of Bill Johnson who operates a real estate office next to the Pine Shop.

Birthday greetings to Art Walkden on August 3. It seems like you just had one Art, was that a year ago?

Some visitors from Cambridge were Alfred and Dorothea Schultz, who have spent many summer holidays in the vicinity, and have been at Crouse's a Holiday Haven the last two years. They came to visit me and told me that they enjoyed the Dorset news column.

On Saturday, August 4 there were two events at the Community Club. A flea market was held in the fire hall from 11 to 4 and a bake sale in the community centre beginning at 11 a.m. The proceeds of both will go to the Dorset Community Centre Building Fund.

I sincerely hope that the virus that hit me last week has gone its way, so that no one else is attacked by it. Believe me, it saps all of your energy and leaves you helpless.

H.H. When mashing potatoes if you add a little baking powder, about a teaspoonful (level) for five or six servings, the potatoes come out whiter, lighter and fluffier. This is also recommended for stuffing for chickens or turkeys.

Did you know?

By BAMBI GILDER
Did you know...that there is a multilingual Public Inquiry Centre that will provide information and free inquiry services to clients, particularly senior citizens?

People with problems or questions about the provincial benefit programs, such as Guaranteed Annual Income Supplement (GAINS) and Ontario Tax Grants can receive immediate personal help.

If someone calls and cannot speak English, they will arrange for translation through the ministry's toll free telephone inquiry service where languages spoken

are French, Arabic, German, Greek, Italian, Polish, Spanish, Ukrainian and English. In area code 705, dial 1-800-263-3960.

Please keep in mind that your County Information Centre is here to help find solutions to problems by either providing information or by quickly referring you to the proper resource. Our office is open Monday through Friday, 10:00 a.m. to 4:00 p.m. in the Drag River Building (across from Emerson Lumber) in Haliburton. So why not drop in or give us a call at 457-2733.

This pastel drawing by Nancy Gray Ogle entitled "Black Lab" was one of the works for sale at last weekend's art auction in support of the Rails' End Gallery.

West Guilford News

By E. COOPER

Rose Berry has been in Peterborough Civic Hospital for surgery. Good wishes for a speedy recovery from all her friends.

The Centre at West Guilford hosted the Twelve Mile Lake Cottages Association banquet on August 4. The regular dance is still held on the third Saturday of every month at the recreation Centre.

Stephen Henderson is home for a month prior to attending school in Toronto in the fall.

St. Andrew's Church on St. Andrew Drive will be the scene of the salad and strawberry supper on the fourth Saturday in August. Exact time will be announced later. Keep an eye out for posters for further information.

Nicole Kanter is back from a visit at the home of Normand LaPointe and daughter Guylaine at St. Victor, Quebec. Her brother, Frank Van Den Hoogen, brought her home and visited his parents, Peter and Betsy Kanter.

Wayne Berry and family are moving to Yellowknife, North West Territories in the near future. We wish them all well in this new venture to the north.

Alma Morrison went to a family reunion in Restoule with Perry and Kay Morrison with Perry and Kay Morrison. It is an event held every other year for Jones and Stevens families. This year approximately 80 people attended.

Visitors on the long weekend at the Earl Coopers' house were June and Donald Campbell of Barrie, and Mavis and Don Swiston of Burlington.

Ron and Erma Sisson hosted a family gathering which included: Helen Brice of Hamilton, her son Peter and his family, her daughter Sheila and husband Neil Reynolds. Also present were Bernard and Joyce Sisson, their son Craig with his wife Elaine, Spencer and Shannon, Blaine Sisson's children, Peter Brice and his family from Hamilton, Earl Sisson and daughters Karen and Robin, Maizie and Ken Sheridan and son Paul with his wife Wendy and family and all of the Ken and David Chumley families. The families nearer to home such as Kevin, Bev, Shane and Linda were also there.

Dick Henderson is raising a barn on the site of the property on Pine Lake originally owned by his grandfather, John Henderson.

Norland Natter

By KELLY GRAHAM

By the time you read this the much-celebrated Norland talent show will be over. Unfortunately, as I write this, it has not yet occurred, so all the results and details will be published next week.

To start off this week, I would to print a letter I received recently. Mr. and Mrs. Tom Vaughan of Kenaston, Saskatchewan were visiting with Gord and Lil Taylor of Norland. They had not seen their relatives for seven years. What a nice visit. Mrs. Bunnie LaRoque also visited David Noble, nephew of the Taylors and spent the week with him. He won the scramble on Wintario. The men went fishing and a good fish dinner was the result. They are looking

forward to seeing the Vaughns on their way back from Montreal before heading back to the west.

I'm sure many of you will be spending the next week and a half glued to your television watching the Olympic games in Los Angeles. One of our Norland residents, Olivia Detlor, had a more than usual interest in the ladies' swimming competition. Mrs. Detlor's closest friend is the mother of gold and silver medalist Anne Ottenbrite. Mrs. Detlor has been following Anne's swimming career for many years.

For those of you interested in the more local aspect of sports, there will be a softball tournament in Cobocok this weekend.

Cobocok News

By SHEILA LAKE

Something long needed in our area, a Veterinary Clinic, opened Saturday, August 4. It will be known as the Gull River Veterinary Clinic. Dr. T.R. DeGeer will be the animal doctor. We will all welcome him to our area. The clinic is one kilometre north of Highway 48 on Highway 35, at the old Superior Propane site near the motel.

It was a good weekend for the Legion smorgasbord dinner which was served on August 4.

Congratulations to Mr. and Mrs. Douglas Luff who were married last Saturday, July 28. Doug is the son of Art and Isobel Luff of Cobocok.

Mr. and Mrs. Gordon Brown and Carol of Stouffville were visitors of Ruth Fralick and Clara Schell last week.

Annie Marles is visiting with Dr. and Mrs. Bill White who are at their home in Fenelon Falls on a month's vacation from Calgary. They have visited with relatives at Holt and Queensville, attended a Blue Jays baseball

game in Toronto Wednesday night, and visited Mr. and Mrs. Fred Thompson at Little Britain and Mr. and Mrs. Bill Tamblin at Cambray.

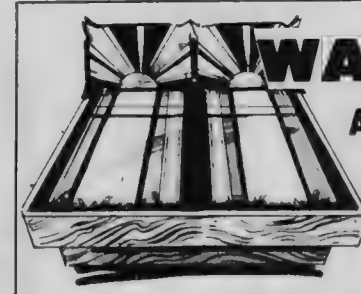

Sorry to hear Eddie White has been a patient in Ross Memorial Hospital.

Also, Mrs. Jeanette Gillespie of Baseline Road has been ill in hospital in Toronto.

Winners in the seniors card games for the last two weeks are as follows: July 31 - Euchre: ladies' first, Greta Reeds; second, Lena Jones; most lone hands, Greta Reeds; consolation, Hazel Young. Men's first, Doug Taylor; second, Joe Manley; most lone hands, Barbara Walker; consolation, Ernie Hunter. Bridge: first, Nada Potts; second, Jack Sims; consolation, Betty Harwood. July 24 - Euchre: first, Elizabeth Darringer; second, Lena Jones; most lone hands, Lulu Brentnell; consolation, Marj Fountain. Men's first, Ed Holland; second, Basil Walker; most lone hands, Ed Holland; consolation, Ben Farrow. Bridge: first, Marion Holland; second, Jack Sims; consolation, Peg Saunders.

Dorset News

By PHYLLIS BRISCOE

"There is nothing like walking to get the feel of a country. A fine landscape is like a piece of music, it must be taken at the right tempo. Even a bicycle goes too fast."

July may not have been perfect weather-wise, but most of it was pretty good. In spite of weather this little old village had been buzzing and humming with activity. On the last weekend, Friday, the 27th, there was a lobster dinner in the big tent set up across from the community centre, with 200 lobsters being served and enjoyed by the customers. I heard that they were excellent. Maybe they will do it again next year. There was dancing in the evening. On Saturday, there was bingo in the tent, a beer garden and dancing again in the evening. Music was provided by Jeff Avery both evenings. Proceeds of all this will go to the Dorset Community Centre Building Fund.

We lost a respected and well liked member of our community when John Stewart died at Bracebridge Hospital on July 29, after a lengthy illness. Funeral services were held at the Addison Funeral Home in Huntsville, with burial at Paint Lake Cemetery. Rev. Kim

Wright officiated. Deepest sympathy is extended to his wife Maida, his son Ian and all family members. John will be greatly missed in the community and especially by members of the Dorset Senior Club of which he was a member.

A very pretty wedding took place at Knox United Church on July 8, when Mel Crewson, son of Hilda Crewson of Dorset, was married to Roberta Green, of Huntsville. A reception followed the service at the home of Mel's brother Jim and his wife Irene. A buffet was served to friends and family members.

A visitor at the home of Blanche and Harry Clayton for the month of July was Blanche's sister, Mrs. Lillian Johnson of North Sydney, Nova Scotia. After a visit with the family Lillian left for home on the weekend.

Congratulations to Doris McLaughlin for her creation of the Doris doll. Doris has always been ingenious and has a lot of artistic ability. From pictures, they looked very interesting so we wish her success in her efforts.

H.H. To remove finger marks from painted doors and around light switches, spray with windex and wipe off with a soft cloth. It leaves no water marks and will not harm paint.

Warm, humid weather over the long weekend caused many local residents to seek some relief in one of Haliburton's many lakes.

Toy safety is primary concern

By KIMBERLEY J. RODDICK - Infant Development Consultant

There is no doubt about it, good children's toys are expensive. But that doesn't mean that your child has to miss out on a variety of play experiences. Homemade toys are equally as enjoyable as their store bought counterparts. During the next four weeks we will discuss a variety of homemade toys for children from birth to two years of age.

This article will focus on the #1 concern with homemade toys: safety. You have to be your own toy inspection officer when making homemade toys for your infant.

The craft supplies you use must be "non-toxic" and "lead-free." That means using only "all aluminum" cans. Paints and glues used should be labeled "non-toxic."

Everything that your baby plays with goes directly to their mouth. Check your homemade toys often to make sure there are no small parts or loose edges that will be removed by a determined child.

Make toys so they can be easily washed or wiped clean. The many varieties of plastic containers and self-adhesive coverings make this job easier. Do not use containers that have brittle plastic as they may splinter. As

well, wash all containers thoroughly before using them as toys. Don't use containers that previously held cleaners or other toxic substances.

One container in particular that has often been used for children's toys is the egg carton. These cartons are a known carrier of salmonella; a serious gastro-intestinal infection. Don't use cardboard egg cartons. Plastic foam ones can be used if they are thoroughly disinfected before given to your child to play with.

Homemade toys should be free of sharp edges. There is a canopener on the market that makes rounded edges on cans. Otherwise, don't use cans unless the edges are taped over.

When building toys with wood, sand all rough edges thoroughly. Nails should be deeply embedded with no points protruding.

Many homemade toys can be made with material scraps and a few minutes with a needle and thread. The seams of stuffed toys should be sewn very securely with a heavy, nylon thread. For children under two years, bells should be hidden inside toys; unable to be retrieved by the child. If you use

buttons, use large ones and fasten them using at least 15 rounds of heavy thread.

Plastic bags should never be used for homemade toys. They provide too great a risk for suffocation.

Parental supervision is very important with any toy homemade or purchased. The amount of supervision can range from a one to one reaching activity with your six month old to visually checking your two year old's sandbox play every fifteen minutes.

Remember, your child depends on you for their protection.

This column on child development is provided by the Infant Stimulation Program of the Haliburton, Kawartha, Pine Ridge District Health Unit. Your comments and questions regarding issues in early child development are invited. Write to: Infant Stimulation, c/o the Health Unit, Haliburton.

Agricultural News

Line Fences Act Being Revised

The Line Fences Act has received a lot of comments from farmers over the past year or so. In late June a Line Fences Amendment Act was tabled in the Ontario Legislature. The Amendment is designed to try to overcome the major concerns farmers have with the present system.

The main purpose of the new legislation is to establish a new method of having appeals from awards of municipal fence viewers. Under this new method, appeals will be heard by individuals with knowledge of fencing issues, and of the traditions relating to line fences in Ontario, especially in the agricultural community, rather than by the Small Claims Court as at present.

In addition, several technical amendments in order to improve the administration of the Act at the Municipal level are included.

The Line Fences Amendment Act received first reading in June, and will remain on the order paper over the summer to allow an opportunity for interested individuals and groups to review the legislation in detail.

Copies of the Act - Bill 111 - and an explanation of the changes are available from the Ministry of Municipal Affairs and Housing. A reference copy is available in County Agricultural Offices.

Water...a Critical Nutrient
How much attention does water availability and quality receive in your dairy nutrition program? Water is by far the cheapest and most important nutrient and the one required in the largest daily amount. Of all the nutrients, water is also the one most frequently neglected.

Dairy cattle suffer more quickly and severely from a lack of water than from a deficiency of any other nutrient. Of all farm animals, lactating dairy cows require

the greatest amount of water relative to body size since milk contains 85 - 87% water. Also, an average cow's body will contain 55 - 65% water, while very fat cows may have less than 50% and very thin cows may have as much as 70% water.

Several factors can influence the quantity of water that cattle will consume. These include: (1) the ambient temperature and humidity; (2) the amount of dry matter and salt ingested; (3) breed; (4) body size; (5) milk yield; (6) water temperature; (7) moisture and protein content of the ration; (8) the presence of undesirable tastes and odours; and (9) most importantly, the availability of a continuous, clean, fresh supply of water at all times.

As the air temperature increases so does water consumption per kg dry matter intake by nonlactating cows, and water consumption per kg milk produced.

Water temperature also affects the amounts of water consumed and cattle performance. In cold weather, cows will drink more water if it is warmed somewhat above the ambient temperature, however, the main benefit of warming the water is to prevent freezing.

Water consumption tends to be higher when animals are fed a diet containing high levels of salt, protein or roughage.

Moisture content in the total ration will influence daily level of water consumption. In one U.S. study, dry cows fed only hay consumed 42 kg (93 lbs.) of water/head/day. When fed a combination of hay and silage, daily water intake dropped to 34 kg (74 lbs.) due to the water content of the silage.

Eight week old Holstein calves will drink up to 6 kg (13 lbs.) of water per day; a pregnant dairy heifer needs up to 32 kg (70 lbs.); and a Holstein cow giving 36 kg of

milk per day can drink up to 91 kg (200 lbs.) of water in a day.

A restriction on the amount of water animals received can have a highly significant negative effect on feed intake, gains in body weight and milk production.

Restricted water intakes may be caused by: (1) foul odours and tastes in the water source; (2) an inadequate supply of water; (3) inadequate space at the watering area leading to competition among animals; (4) not providing a fresh, clean supply of water at all times; (5) fecal and urine contamination of water and watering devices; (6) improperly functioning watering devices; (7) low water temperature; (8) tingle voltage; (9) water pH outside the range of 6-9; (10) the presence of slime, scum and algae growth in water and on its surface; (11) frozen water and (12) a watering area that is wet and has a base that causes discomfort to the cow's feet.

Water is extremely important and quite cheap. Check today to ensure that all your animals have an adequate supply of good quality water.

LIGHTS AT NIGHT

Sensible boaters caught on the water after dark do two things:

Light up •

Go slowly •

PLAY IT SAFE!

The Canadian Red Cross Society

From the Chamber

from page 5

has always welcomed new ideas, concepts, and the close sense of community which we all share. Show your support by taking the time to learn about agriculture in Haliburton County. Plan to make the time to attend events at the county fair, or meet some of the market gardeners at the farmers market, Saturday mornings in the Minden municipal parking lot.

An energetic fund raising group has helped to swell the coffers in adding some financial credibility to the association's undertakings. Be sure to obtain your tickets for the 'farmers' hop', celebrating the harvest with a live band, on Saturday, September 15 at 8 p.m. in the Minden Community Centre.

The president, Randy Warburton, has led the association in pursuing a more prominent profile within the community, as the organization presents its case for a stronger agricultural base as part of the economic development of the county.

Our mistake - our new Chamber member noted in last week's column, The County Feed Store in Haliburton village, phone number should have read 457-2251.

Kelly Graham, Echo's youngest correspondent

By ELIZABETH CHURCH
Staff Reporter

If enthusiasm and ambition are keys to success, then Kelly Graham, the Echo's youngest correspondent, is certain to succeed. At 14, Graham has already reported on community events under the "Norland Natter" banner for almost two years, bringing a new perspective to her weekly column.

"I was 12 when I first wrote in about the job," says Graham. "I noticed that there wasn't anyone writing from Norland so I sent in a letter saying I was interested in doing the column." Shortly after sending her letter, Graham saw an advertisement in the paper for the Norland position. "I didn't think I had a chance," she remembers, but adds that she submitted a sample column anyway. "A few weeks later I got a letter to tell me I had the job," she says.

Initially, being the Echo's youngest correspondent did have certain drawbacks. "A lot of people don't realize how young I am. When I first started to write, they would call and ask to speak to my mom when I answered the phone," she says laughing. "Now," Graham adds, "most people know my age and don't think anything of it. It's not really a problem."

Despite a few surprise callers, Graham says the reaction to her column has been very encouraging. "When I first started writing at the beginning of grade eight all the teachers in my public school got subscriptions to the paper," she says. "I get some teasing from my close friends," she adds.

Writing a column each week is an interesting, and sometimes quite challenging task for Graham. "I like any kind of writing, especially when I know someone's going to be interested enough to read it," she says, but adds that some weeks, particularly in the winter, it can be hard to find things to fill the page. "My mom and my relatives help me out when I get stuck. My dad's the Reeve so I also try and pick out important things from the council minutes," she explains.

Throughout the week, Graham says, she is always looking for information and events to include in her column. "I get phone calls and letters. In the winter I get post cards from Florida," she says. "If people make the effort to get in touch with me I usually try and mention them." As well, Graham says she also gets information from the local public school where her mother teaches.

To help keep track of her information, Graham collects her material in a big jar that she keeps on her dresser. "When ever I see a poster or hear about something I write it down on a piece of

Kelly Graham

paper and stick it in my jar," she explains. "At the end of the week I spread them all out and decide what I'll include. It usually takes about three hours," she says.

Writing for the Echo is something that Graham says she would like to continue for at least a few more years. "I'd like to write until I finish grade 13, unless my school work gets too heavy," she says. After that, Graham says she'd like to continue writing, although maybe not for a newspaper. She hopes to go to university to study English and Theatre Arts. "My favourite subject is French, so I think it would be nice to go to Montreal for university," she explains.

In the more immediate future, Graham says she hopes to do a special article about the construction of Norland's new community centre. "I'd like to find out what the building of the centre will mean to the community. I guess since I started writing the column I'm much more aware of the town and what's going on," she says.

Participants compete for prizes at Gooderham's annual Horseshoe Days

from page 10

Pettit, \$25 and trophy; Powder Puff - winner: Chris Kaye, trophy; Free-For-All winner: Phillip Billings, trophy. Best looking car: Guy McCausland, trophy (sponsored by Schwandt Lumber). Naturalists

from page 5

on both the "Friends" and the contest can be obtained by contacting: Atikokan District Manager, Ministry of Natural Resources, 108 Saturn Avenue, Atikokan, Ontario. POT 1C0.

A precise definition of the name Quetico eludes historians. But its an old Ojibwa word, likely borrowed from Cree, that connotes the presence of a benevolent spirit. If we tread lightly, that spirit will remain.

Writers' Corner

Of "Wee Folk"

Walk in, if you wish, go there, if you dare,
 To the great, deep forest, but go there with care.
 Seek where you can, find, if you will,
 The reason the foest is hushed and so still.

Think of the old stories, recall an old song,
 For some could be right, though many are wrong
 When they tell of the gnomes, of the fairies, and elves
 Who live in the woods and are not like ourselves.

Writers' Corner

Cottage Country"

The week has gone so slowly, Friday's almost here. When we head for Haliburton, with bags and all our gear. It's a place we call God's Country with lakes and trees and loons. Quiet times, relaxing, away from city's boom. Enjoying Mother Nature at her very best. Our cottage is our getaway for peace and lots of rest. Of course there's always work to do and things that need repair. But we wouldn't trade our place, in fact, not anywhere!

D. Godard
Scarborough, Ontario

BIRD SONG

A song-sparrow sang in the garden today,
From high on a bough in the crabapple tree,
Filling the air with his melodious glee,
Thrilling and thrilling his sweet rondelay.

It is the first we have heard him this year,
Since he returned to his usual site.
He fills all my soul with a wondrous delight
As I pause in my weeding the better to hear.

Of all the bird chorus, he sings the chief part.
Such rapture to pour from so tiny a note,
And I, who quite simply cannot sing a note,
Am joyously singing along in my heart.

H. Jean Brown

A First Experience

Did you ever "snorkel"?
Well, neither had I,
Till the young ones all coaxed -
"Grandma, give it a try."
I'm not really daring,
And I gazed at the lake
Wondering just what to do, and
What a spectacle I'd make.
They helped me don gear -
Goggles, snorkel, and fin -
Then out I went, bravely,
And plunged down and in.
What a thrill to be watching
All those fish swimming 'round,
While I felt just as safe
As when back on the ground.
Going closer, down closer
In fascination, to see,
I forgot that near surface
Was where I should be.
The watchers on shore
Saw my snorkel, and knew
That I would come popping
Like a cork, into view.
It was a great day,
And we all had such fun;
I stayed, happy with fishes,
While they laughed in the sun.
Yes, Grandma surprised them,
And now wants her own gear,
Waits impatiently for
More snorkelling, next year.

Jean A. Frazer

Lines from a Recent Retiree

I still awake at seven
And it's so sweet to lie
And hear with satisfaction
All that traffic rushing by.

To know that never, ever
Need I face that trek again
Regardless of the weather,
In the snow and sleet and rain.

How comfortable to close my eyes
And know that if I choose
I simply have to snuggle down
And have that extra snooze.

Then when I do decide to rise
It's with a joy sublime.
For I dawdle if it suits me
And I take my own sweet time.

And even breakfast isn't
As it used to be before,
When I grab a hasty mouthful
And go tearing out the door.

For now I set the table
And proceed most leisurely
To read the morning paper
With my toast and jam and tea.

Assuredly I don't intend
To rock the hours away,
For I've a hundred things I've planned
To do some other day.

These truly are the golden years
But one regret I know.
I only wish I'd had the sense
To retire long ago.*

*If I'd had the money, that is.

DECORATION DAY AT GLAMORGAN TOWNSHIP CEMETERY

Sunday, August 19, 1984
at 2:00 P.M.

IN CASE OF RAIN, SERVICE WILL BE HELD AT
GOODERHAM UNITED CHURCH

SHERIFF'S SALE OF LANDS

County of Victoria and Haliburton

UNDER AND BY VIRTUE OF a Writ of Execution issued out of the Supreme Court of Ontario of the County of Bruce and to me directed, against the lands and tenements of Michael Joseph Roach and Mary Christina Roach, Defendants in which the Bank of Montreal is the Plaintiff, I have seized and taken in execution all the right, title, interest and equity of redemption of Michael Joseph Roach and Mary Christina Roach.

ALL AND SINGULAR that certain parcel or tract of land and premises situate lying and being in the Township of Monmouth in the Provisional County of Haliburton, being composed of part of Lot 24, Concession XVII in the said Township and which said parcel or tract of land is more particularly described as follows:-

PREMISING that the bearings herein are astronomic and referred to the North 67 degrees 44 minutes 30 seconds East of the Northerly limit of the said lot 24;

COMMENCING at an iron bar planted which is distant 136.0 feet measured on a course of South 53 degrees 24 minutes 30 seconds West from an iron bar planted, which is a distant of 180.98 feet measured on a course of South 22 degrees 04 minutes 30 seconds West from a point in the Northerly limit of the said lot 24 which is distant 2008.67 feet measured Westerly thereon from the North Easterly angle thereof;

THENCE South 36 degrees 35 minutes 30 seconds East 20.0 feet to an iron bar planted;

THENCE South 53 degrees 24 minutes 30 seconds West 305 feet to the present high water mark of Esson Lake;

THENCE Northerly along the said high water mark to a point where the same intersected by a line drawn through the point of commencement on a course of South 79 degrees 24 minutes 30 seconds West;

THENCE North 79 degrees 24 minutes 30 seconds East 247 feet to the point of commencement;

SAVING AND EXCEPTING thereout and therefrom that portion of the original allowance for road 66 feet in perpendicular width laid out along the shore of Esson Lake which may be contained within the hereinbefore described parcel.

TOGETHER with a Right of Way for the Grantees, their heirs, executors and assigns over, along and upon a strip of land 40 feet in perpendicular width from the Northerly limit of the said lot 24 to the hereinbefore described parcel and shown shaded in brown on the attached plan.

Which said parcel or tract of land may be further illustrated outlined in red on a plan of survey by H.C. Bishop O.L.S. dated July 6, 1964 and hereunto attached.

The property described above is an undivided one-half interest only, with a wooden cottage painted green approximately 20' x 30'. On the same property is another cottage, privately owned and is not part of this auction.

All of which said one-half interest and all other right, title, and interest and equity of redemption of the said Michael Joseph Roach and Mary Christina Roach in the said lands and tenements, I shall offer for sale by public auction in my office in the Court House, Francis Street, in the Town of Lindsay, in the County of Victoria on the 17th day of August at the hour of 11:00 o'clock in the forenoon.

TERMS: Cash or certified cheque.
Deposit 10% of bid price at time of sale.
Ten days to arrange financing.
Other conditions announced.

THIS sale is subject to cancellation up to time of sale without further notice.

DATED at Lindsay, this 28th day of June, 1984.

John E. Boyd, Sheriff,
County of Victoria & Haliburton

thank you

My family and I would like to say thank you from the bottom of our hearts for your concern through prayers, cards, phone calls, visits and gifts after my recent operation. Praise God, my results were good and I'm doing just fine. Friends are wonderful, especially at times like this. God bless you all. Betty Hicks 27-P-8

Thanks to everyone who worked so hard to make "Stanhope Fun Day" a success once again. Thanks also to the young boys who made the cutest bird houses, the teenagers who decorated the beautiful cake, and thanks to the Highland Dancers. Special thanks to all those who donated gifts. Haliburton County Echo, Nancy's Flowers, County Feed Store, Reflection Restaurant, Minden Times, Carnarvon Lumber, Kuschog Corners, Highlands TV. Many thanks again from Marlene and Dorothy. 27-CA-8

PEARSELL - The family of the late Montrose Persell wish to express our sincere thanks to our many relatives, friends and neighbours who were so thoughtful at the time of Montrose's illness and passing. To all the people for their spiritual offering, charitable donations, floral arrangements, sympathy cards, food and deeds of kindness. A very special thanks to Dr. Hartwick for his untiring care and kindness to Montrose during his long illness, Dr. Heyes and all other doctors, nurses and staff at the Haliburton Hospital for their wonderful care; the staff of the Haliburton Ambulance Service; Betty Mills, Ann McNaull, and Kathy Pittaway for their caring help at home; Revs. John Smith, John James and Father Maloney for their visits, kind words and support through this time of sickness and sorrow; the ladies of the Lakeside Baptist Church who prepared and served lunch after the service and to the Gordon Monk Funeral Home for their excellent service. To all we are most grateful. 27-P-8
